Bellefonte Republican.

Established In 1869} "Let Us See To it that A Government of the People, for the People and by the People, Jhall Not perish fr[illegible] Earth."—A. LINCOLN. TERMS : $1.00 Per Year

VOL. XXXIII BELLEFONTE, PA., THURSDAY MORNING [illegible]CTOBER 30, 1902. NO. 40

PLACE AN "X" IN THE CIRCLE OF THE TICKET PRINTED BELOW.

Voters of Centre County do not Flinch in Your Duty, to Yourselves and your Country.

Let the result of next Tuesday proclaim the fact that the Republican Party still lives and its principles will be maintained. Do not fail to go to the polls and see that every other Republican does the same—Vote a straight ticket—Every man on it is worthy of your trust. Be loyal to the party of Lincoln, Garfield and McKinley.

THE DEMOCRATIC MASS MEETING.

The Democratic Rally and Mass meeting which was held in the Court House last Thursday night, was as near a failure as could well happen. Notwithstanding the blare of the three bands advertised, not over three hundred persons were present at the meeting, and of this number, many Republicans were there out of curiosity. The special trains which were intended to bring large contingents, brought but a mere handful.

When it was discovered that the Court House could not be filled and the people were tired waiting, J. C. Meyer, Esq., called the meeting to order, and asked for nominations for a permanent chairman. Hon. Fred Kurtz was unanimously elected. Mr. Kurtz stated that he always felt at home among Democrats, and was glad to be with them, but he did not express his thoughts or he would have stated that he would have been "gladder" to have had more of them present. He then introduced the first speaker, Mr. Gillen. This gentleman proceeded to shoot off pyrotechnics aimed at the machine. He told his hearers that the "REPUBLICAN PARTY WAS ALL RIGHT, THAT PENNYPACKER WAS AN HONEST MAN, AND THAT HE WAS TOO HONEST A MAN TO BE GOVERNOR." This statement disconcerted a great many of his Democratic hearers, for they are so accustomed to hearing nothing but abuse and calumny heaped upon Republican candidates that they were not prepared for this fair and truthful statement. Of course, we are to understand that he does not consider his own candidate, Mr. Pattison, too honest to be Governor, at least this is the only inference we can draw from what he said, but he banked away at the machine as if the machine was running for office. He did not mention the Democratic Court House machine, which knocked out poor Zerby and John Dunlap. He was probably not aware of how nominations are made in Centre county.

After he had finished, Mr. Stranahan was introduced, and from what we heard can endorse much that he said. He told his Democratic friends that "*Pennypacker, is an honest man, an able man, and the greatest jurist in Pennsylvania.*" The Bourbon element of the party commenced sliding out. They were tired hearing the speakers extol the virtues of Judge Pennypacker, but they made a mistake in not waiting, for at the close of his speech Hon. Kurtz introduced the great and only D. E. Hibner, the man who is aspiring to represent this district in Congress, the vice-president of the DuBois Brewing Company, the "me" of that prosperous town, the greatest orator of the age. Daniel Webster in his palmiest days could not equal him. His appearance, manner, and matter of his masterful effort, delighted the Republicans, but disgusted the Democrats. By the time he had finished, every one was satisfied to leave the Court House, and there was not enthusiasm enough left to give three cheers for the ticket.

Vote for Samuel W. Pennypacker for Governor.

A FEW SOBER WORDS ON THE EVE OF THE ELECTION.

As the election day draws near, both parties are making strenuous efforts for success, but there is this difference between the Democratic and Republican party in Centre county this fall : The Republicans are a unit for their ticket, and are determined to win at the polls. On the other hand the Democrats are divided, with no hope of uniting the warring elements. In the selection of candidates, a successful effort was made by the Republicans to have no man, on the ticket who was not worthy, and would not receive the cordial support of every Republican voter, and we would ask any Democrat to lay their finger upon one of them, who will not faithfully discharge the duties of the office to which he will be elected.

Read the Democratic Press you will find they are quiet on this subject. All they ask is, that the Republicans assist them to elect their candidates, simply because they think their party is entitled to the offices. They have occupied them for so long a time, it is hard to give them up.

During the campaign we have made no offensive personal allusions to any candidate on their ticket, because it is the policy of this paper to refrain from that character of political warfare.

Our course has been to show the merits of our own candidates, and appeal to the voters to support them, on account of they being worthy of confidence and trust.

There has never been such a hotly contested canvass, in Centre county, as we are now engaged in. At one time a Democratic nomination was equivolent to an election, but now it is just the reverse.

The fact has been demonstrated that Centre county today, is Republican, and with our full vote out on November 4th, there is not a single man on the ticket who will not be elected by a handsome majority. It rests with ourselves, whether victory or defeat will perch upon our banner.

Vote for S. R. Dresser.

JUST A WORD.

This is the last issue of the "Republican" until after the election. All through the Campaign we have endeavored to present to our readers the importance of a full and straight vote. If such is done, we will have the pleasure next week of congratulating the Republicans of Centre county, upon the election of our entire ticket—Victory is certain if we do our duty, so let every voter feel a personal responsibility resting upon him let him consider it a duty to turn out and vote, and see that his neighbor does the same—this is no time for aperty nor neglect.

The Democrats are bending every effort to save some of their candidates, and are building on the hope, that Republicans will turn in and help them, or remain away from the polls.—*Don't do it! Don't do it! Turn out and vote and stand by the polls till they close.*

Vote for A. E. Patton.

Vote the Ticket from top to bottom. Don't scratch a name but vote it straight.

For a Straight Ticket Mark Within this Circle

Winter's Warning.

This morning we had the first installment of snow and although it appeared in a limited quantity there was enough to remind us that winter is fast approaching and it will be but a short time until it has everything within its icy grip. Fortunately, the outlook is not so discouraging as it was before the coal strike was settled, and there is a bright prospect of work in plenty for everyone, so we will not have the suffering in our midst that we have experienced in past years.

We wonder how many days poor, honest John Dunlap has laid off from work to electioneer for the Democratic ticket. John owes the Democratic party such a debt of gratitude that he can never repay it.

GEORGE MEEK asks the old soldiers to vote for Senator Heinle, because a Republican Legislature appropriated $10,000 for the Curtin Memorial, but Georgie does'nt ask the Democrats to vote for Abe Miller, who was maimed and disfigured for life, in fighting for his country.

REV. DR. REED, State Librarian, says he cannot *conscientiously* support Pennypacker. The people have all along been of the opinion that Dr. Reed and *conscience* were total strangers. His conscience did not prevent him from accepting full salary for half service.

VOTE IN THE CIRCLE.

There is every reason why Republicans should stand by their ticket in the coming election. This is an important election and the opening skirmish in the great battle of 1904. Advantages gained now, will be of great use to the party in the great struggle coming two years hence, and any point of advantage lost, will put the enemy in position then to take a stronger attack upon the Republican party. The election of a full county ticket in old Centre, will make possible a stronger party organization for the presidential campaign. Begin the good work by standing by your local county ticket, make a clean sweep. Be sure that your friends are in the Court house. Every man presented to you for your support by the Republican county convention, is worthy of the honor thrust upon him, from Henry Lowry, for sheriff to S. M. Huff, for coroner. We do not remember that a better ticket was ever presented to you for your support.

An other point that should be carefully guarded is in the election of state senator and representatives to the state legislature. We expect to elect a governor and other state officers and we should have a Republican majority in the legislature to stand by and support them, in their efforts for good government, also to elect a United States senator, to succeed Senator Penrose, then with a strong county organization and the state in the hands of the Republicans the party will be well fortified for the presidential campaign.

We admit that the Democratic candidate for senator and for the Legislature are good men, well qualified if elected to perform the duties of their position, but for reasons above stated no honest republican or true lover of his country should support men who would go to the legislature, as the avowed opponents of that policy which has made this country great and prosperous beyond the wildest expectations of the most sanguin, six years ago. Do you want to change this prosperity, to return to the times of Cleveland and the empty dinner pail? This is the vital question which every voter must decide for himself and as his judgment is correct or imperfect so will all our destinies be affect.

We should also see that our congressional delegation is kept intact. Pennsylvania should have a solid Republican delegation in the next congrees, Republicans should not allow any factional matters of local disturbances to make it possible for the Democrats to gain a single congressman.

Roosevelt will be the party leaders in 1904. Let the party mass itself to sustain him as the party candidate. Let the watchword be, "Stand by Roosevelt," all along the line.

REPUBLICANS turn out to the polls next Tuesday. If you do so and vote the straight ticket we will elect every candidate.

Pattison is in favor of having the old soldiers buried as a pauper.

SHORT AND PITHY.

WE wonder how much of his profits from the DuBois Brewery Mr. Hibner is leaving with the boys in Bellefonte.

How many of the common people want to seen the Sheriff's office taken from them and handed over to the legal fraternity? Not many.

DON'T forget that Robert E. Pattison is as much in favor of the free silver standard as he was when he advocated the election of Billy Bryan.

EVEN the ladies of Bellefonte have taken up the cudgel against Capt. Taylor, because he will not give them steam heat enough to keep them warm.

D. E Hibner, Democratic candidate for Congress and vice-president of the DuBois Brewing Company, was in town last Friday shaking hands with the Democrats.

PHIL. FOSTER according to the "Watchman" is one of the most influential men in the county, for it rests with him to decide who the next president judge, will be.

Kepler and Wetzel are having the hardest time of their lives. They know they cannot be elected but must keep up the show of running, and all the time costing money.

IF Philip Meyer does'nt take care, he will ruin his magnificent bass voice, and wear out his vocal organs, in the endeavor to explain why he wanted to squander $90. of the people's money on last year's ballots.

ALEX ARCHEY must be somewhat alarmed or he would not be spending so much time or money to secure his re-election. Alex. we told you some time ago your doom was sealed, and we meant exactly what we said.

ASK the Grangers how they feel toward Hon. W. C. Heinle, for his record on the Oleomargarine question? They will quickly tell you that they have had enough of Hon. William C. He failed them when they needed him the most.

THE idea of Charley Kurtz, a young man without family, and who had not patriotism enough to enlist in the Spanish-American War, telling the old soldiers of the Civil War, those battle scarred veterans, how they should vote. Why, it is absurd.

THE "Watchman" is very much concerned about Dresser's and Patton's money. We will just inform that paper that there is not one-half as much of that commodity being used in this County by the Republicans, as there was of Hon. Alphabet Hall's when he was a candidate for Congress two years ago.

D. E. Hibner, the Democratic candidate for Congress, did not create much enthusiasm at the Democratic Rally last Thursday night. We don't wonder, for as one Democrat remarked after the meeting, "Great Scott, I could have voted for Hibner if I had not seen him and heard him try to talk. Would'nt he be an ornament in Congress."

Vote for Schoonover and Strohm.

OUTLINED HIS CASE.

President Mitchell Conferred With His Lieutenants Yesterday Afternoon.

WAS ALSO GIVEN A PRESENT

Got a Gold Badge and Gold Watch From the Polish, Lithuanian and Slavish Members of United Mine Workers.

THE ADDRESS AND THE RESPONSE

WILKESBARRE, October 27.—President Mitchell was in conference with District Presidents Nicholls, Duffy and Fahy for several hours Sunday. He outlined his case as he will present it to the board of arbitration in behalf of the miners, and the same received the approval of the district presidents.

President Mitchell was presented with a gold badge and gold watch by the Polish, Lithuanian and Slavish members of the United Mine Workers. The badge bears his monogram, "J. M." n diamonds, just underneath the bar containing the pin by which it is fastened to the coat lapel. Below this is the button of the United Mine Workers of America, from which hangs a pendant, a tiny pick and shovel with miner's lamp in the centre, underneath of which is a medallion. The seal of the organization in the centre is in the form of a breaker boy standing in the midst of a bank of coal.

Paul Pulaski, vice president of district No. 9, officiated as chairman and master of ceremonies. The presentation took place at President Mitchell's headquarters and there was a large crowd in attendance. In making the presentation the chairman of the committee addressed Mr. Mitchell as follows:

"President John Mitchell: We, the undersigned committee, representing the inhabitants of our anthracite coal region of Polish, Ruthenian, Lithuaniun and Slovac descent, feeling the most sincere appreciation and the deepest gratitude for your manly, energetic, disinterested, self-sacrificing and vigorous conducting of the last anthracite strike, and considering your achievements in finishing the strike in so splendid and vigorous a manner for our cause, do hereby express our most sincere thanks for protecting our interests and for the hard struggle you undertook for us.

"Blessed be the moment when you, as salvator of our troubles and miseries, arrived in our midst, and holding high the banner of human rights boldly and courageously stood like a hero against the tempest of mighty and seemingly unconquerable adversaries.

"But nothing could withstand your ingenious leadership, and, a second Napoleon of labor, your every step was a conquest and a victory.

"Receive, dear leader, a thousand-fold blessings of all the poor, hard-working and struggling people who shall teach their children that the embodiment of everything that is pure, just, right and sublime, is our president, John Mitchell, these children for whose future you have opened the prospects of a better fate than their fathers have to face, those children for whom you have tried to procure education and delivery from misery and mental darkness. Thank thee, hail thee."

Mr. Mitchell replied in part as follows:

"Gentlemen: In accepting these beautiful tokens permit me to express my heartfelt appreciation of this indication of your confidence and friendship.

"When I first came to the anthracite coal fields I found the mine workers disorganized and separated by race prejudices and religious animosities. There was no unity of action and no effective power of resistance, but now they are united; they have grown to know one another better, they recognize the identity of their interests and are prepared to move as one man in the advancement of their common cause.

"I am justly proud to be regarded as the leader of such men and if my efforts have contributed to their advancement, if have assisted in awakening them to a sense of their rights and responsibilities I feel amply rewarded for what I have done. Those gifts will ever remind me of the duty I owe to the great army of workers who have reposed confidence in me and followed my leadership during these trying times.

"I look forward to the time when strikes shall be no more; when peace and justice and right shall be secured for those who toil; when labor and capital, each recognizing its rights and obligations to society, shall work in harmony for the common welfare of our country and the general good of all our people."

Shortly before 4 o'clock Mr. Mitchell left headquarters for the Lehigh Valley depot. He was accompanied to the station by a large and enthusiastic crowd, and when he boarded the train he was cheered and wished God-speed. It was one of the happiest days in President Mitchell's experience since the beginning of the strike.

—Every time you cough take 10 drop of Brazilian Balm 50 doses 25c. It's magic.

Evidence of Prosperity.

No better evidence of industrial and commercial activity is needed than present inadequate transporting facilities. Every form of railway equipment from track to rolling stock has been increased and perfected during the past few years to an extent that appeared almost excessive, yet the nation's business has more than kept pace. Unseasonably mild weather has retarded retail trade at many points, yet the movement of goods is fully sustained by undiminished preparations for future sales. Labor is more fully employed than at any recent date, only small controversies interrupting.

Coke is still the vital factor in the iron and steel situation. Not only has no improvement occurred, but the supply of fuel is falling further behind, and the outlook is alarming. Pig iron is in great demand, imports promising to continue large, and, as the higher duty on steel will not be exacted, there is reason to anticipate a liberal movement from Germany. The demand for rails is so great that large purchases abroad are being negotiated, while practically all railway supplies find an eager market. Structural shapes and other heavy lines of steel are in a strong position, but there is evidence of irregularity in wire rods and actual weakness in a few lines that are now offered freely. Tin plate manufacturers are making a hard fight to secure the large foreign business done here under the drawback arrangement, and a new method of production is being perfected that promises to cheapen the cost. Among other metals, both tin and copper advanced sharply, but the former reacted.

It is still conspicuous in the cotton goods market that buyers are slow to anticipate future requirements, apparently having confidence in cheaper raw material. No improvement appears in the demand for men's wear, woolen or worsted fabrics. Deliveries of footwear on old orders are very heavy and New England producers are receiving fair contracts for staple lines running into next March.

United States Leads in Coal.

The United States Geological Survey estimates the world's production of coal in 1901 at 966,165,540 short tons. The three great coal producing countries of the world are the United States, Great Britain and Germany. Prior to 1899 Great Britain led among the world's coal producers, but during 1899-1901 the United States has made such remarkable increases due to the activity in the metal trades, that it now stands far in the lead, with a preduction in 1901 exceeding that of Great Britain by 47,965,938 short tons.

Up to the close of 1900 the coal production of Great Britain and her colonies, if taken together, still exceeded that of the United States, but the output of the mines of this country last year exceeded by about 26,000,000 short tons, the entire output of Great Britain and her dependencies, including India and the Transvaal. Of the output of coal in 1901, the United States produced 33.86 per cent., Great Britain and her dependencies, 30.86 per cent., and Germany, 19.42 per cent., or combined, 84.14 per cent. of the total production.

The Pay of Guardsmen.

Many persons are not familiar with the pay of the officers and soldiers of the National Guard. To satisfy their curiosity we publish below the full lists of officers and their daily pay: Major general, $26.83; brigadier general, $15.28; colonels, $9.73; regimental adjutants, $5.55; quartermaster, $5.55; commissary, $4.45; chaplain, $4.17; battalion adjutants, $4.45: regimental surgeon, $6.95; assistant surgeons, $4.55; inspector of rifle practice, 4.45; captains, $5; first lieutenants, $4.17; second lieutenants, $3.89; first sergeants, $3; sergeants, $2; corporals, $1.75; musicians, $1.50. privates, $1.50.

Out of Death's Jaws.

"When death seemed very near from a severe stomach and liver trouble, that I had suffered with for years," writes P. Muse, Durham, N. C., "Dr. King's New Life Pills saved my life and gave perfect health." Best pills on earth and only 25c at Green's Pharmacy.

—The Reading R. R. Company has issued orders that they will furnish no coal to any of the Philadelphia dealers who will charge over $6.75 per ton. This is a good move in the interests of humanity, as it will prevent extortion on the part of unprincipled dealers.

—The baby son of the Duke of Manchester has had $250.000 settled on him by his grandfather, Eugene Zimmerman, of Cincinnati. Ducal grandsons come high but we must have them. Most grandpapas consider themselves extravagant when they lavish a silver spoon on baby.

What are Humors?

They are vitiated or morbid fluids coursing the veins and affecting the tissues. They are commonly due to defective digestion but sometimes inherited.

How do they manifest themselves?

In many forms of cutaneous eruption, salt rheum or eczema, pimples and boils, and in weakness, languor and general debility.

How are they expelled? By

Hood's Sarsaparilla

which also builds up the system that has suffered from them.

It is the best of all medicines for all humors.

BAER'S STATEMENT.

Says Some of the Collieries Cannot be Worked to Their Capacity for Some Time.

TELLS OF RETAIL DEALERS

States That Nothwithstanding No Coal Was Sold During the Strike Some Retailers Advanced Prices.

WHAT PHILADELPHIANS WILL PAY

PHILADELPHIA, October 24.—In view of the resumption of mining of anthracite coal, the Philadelphia and Reading Railroad company Thursday issued the following statement:

The Philadelphia and Reading Coal and Iron Company—President's Office, Philadelphia, Pa., October 23, 1902.—Mr. C. E. Henderson, General Manager—Dear Sir: The report of the superintendents in charge of the mines show that, as a result of the strike, the mines and mining plants have sustained considerable injury, and the respective working organizations have been impaired. For some time to come the collieries cannot be worked to produce their average quantity of coal. This will increase the cost of production. Estimates have been submitted showing the probable increase in cost per ton at the several groups of collieries. The general average exceeds fifty cents per ton.

You will, therefore, add to the circular price fifty cents per ton—this additional price to continue until the first of January, 1903, by which time we hope to reach a normal condition of mining and production.

Notwithstanding the fact, that, during the strike, no coal was sold by our company at an advance over the circular price, the price has been unreasonable advanced to the public by some retail dealers. In the distribution of the coal, therefore, you will, so far as practicable, supply the dealers who are willing to sell coal to the public at reasonable prices. Where dealers seek to obtain an unfair profit from the public, you will promptly take steps to supply the reasonable demands of the public directly. Yours truly

GEORGE F. BAER, President.

In pursuance of instructions contained in the above letter, circulars have been issued, taking effect October 24.

An effort will be made to arrange the distribution of coal so that parties in need may at least receive a small portion of their wants, and, with this purpose in view, dealers will be requested to restrict the amount which will, after the present, be sold to any consumer within the limits of his reasonable requirements.

The opinion is expressed by Mr. Henderson that the prices for which ash, egg, stove and chestnut coal delivered to householders in the city of Philadelphia should not in any case exceed $6.75.

Many of the dealers have already expressed a willingness to comply with the wishes of the Reading company in this respect, and Mr. Henderson has no doubt that practically all of them will heed the request and charge only reasonable prices to the public.

The circular for line and city trade says:

Orders received for October, if accepted, will be entered at the following prices, free on board cars at mines unless changed:

—The twenty-first reunion of the Forty-ninth regiment, Pennsylvania volunteers, was held at Huntingdon Thursday, and was attended by seventy-five members. After the business meeting a rousing campfire was held in the court house, at which several hundred citizens attended. The new officers elected are: President, W. H. Taylor, Bellefonte; Vice president, Captain B. H. Sweeney, West Chester; Secretary, R. S. Westbrook, Altoona; Assistant secretary, R. B. Minnichan; Treasurer, J. Barton, Juniata county; Chaplain, Captain Joseph B. Downing, Philadelphia. Lewistown was selected for the next place of meeting.

His Life In Peril.

"I just seemed to have gone all to pieces," writes Alfred Bee, of Welfare, Tex, biliousness and lame back had made life a burden. I couldn's eat or sleep and felt almost too worn out to work when I began to use Electric Bitters, but they worked wonders. Now I sleep like a top, can eat anything, have gained in strengt hand enjoy hard work." They give vigorous health and new life to weak, sickly, run-down people. Try them. Only 50c at Green's Pharmacy.

—A complete assortment of enamel for chairs, furniture &c. that you can apply yourself. All colors. Eckenroth's, Bush Arcade.

Wine For Weakly Persons.

Weakly persons use Speer's Port Grape Wine, unfermented Grape Juice or Speer's Burgundy. It gives tone and strength to the system. It is superior to all other wines.

—Too late to cure a cold after consumption has fastened its deadly grip on the lungs. Take Dr. Wood's Norway Pine Syrup while yet there is time.

—Mr. Nehme who has been visiting Bellefonte for several years selling rugs, etc., invited us to take a look at the large collection he has on exhibition at the Bush House. We were not prepared for the sight that met our eyes. He has rugs of every size, shape and price, ranging from $5.00 away up into the hundreds, and they all are of the most beautiful oriental styles and designs, during the last ten days he has disposed of a large quantity, and as he will be here but a short time, we advise our readers to visit him at the Bush House, and it goes without saying, that if you once see his varied assortment you cannot help but purchase.

—Everyone has noticed the disagreeable odors of new fires after the heating apparatus has been long unused, as in the Autumn. The scientists tell us these odors come from the rapid germination and destruction of myriads of low forms of plant and animal life that find lodgment in pipes in summer. Clean the pipes before the fires are lighted, and leave the windows open until the smells go.

—Rev. George I. Brown who has just returned from his summer vacation preached in the Episcopal Church Sunday morning. In the evening he did not deliver a sermon, but administered the impressive and solemn sacrament of baptism to a young man from State College.

—In the absence of Rev. Dr. Shriner who was called to Scranton by the illness of a former parishioner, the pulpit of the Methodist church was occupied Sunday by Rev B. A. Salter of Pleasant Gap, who preached two most excellent sermons to that congregation.

—Rev. Dr. George Edward Reed has resigned his position as State Librarian. Our readers will remember Dr. Reed as one of the prominent ministers attending the sessions of the Methodist Conference which met here last March.

—Eucalyptus trees are valuable in swamps as they are so greedy for moisture that they help materially to use up the surplus of water. Never plant them near, a spring, however, as you may loose your water supply.

—The Bellefonte Academy foot-ball team will go to Philipsburg on November 1st to give the boys of that place a chance to retrieve their fallen laurels.

—The Ladies Aid Society of the Presbyterian church will hold a Fair and Bazaar in the Chapel the first week in December.

—Col. E. J. Pruner of Tyrone spent Sunday at the home of his sister Mrs. Sara Hoffer on Pine Street.

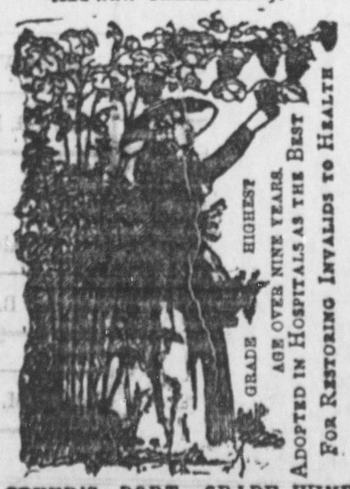
—The home of Mrs. Jane Mitchell, on South Spring street has been greatly beautified by the laying of a fine sawed stone walk.

Goes Like Hot Cakes.

"The fastest selling article I have in my store," writes druggist C. T. Smith of Davis, Ky., "is Dr. King's New Discovery for Consumption, Coughs and Colds, because it always cures. In my six years of sales it has never failed. I have known it to save sufferers from Throat and Lung diseases, who could get no help from doctors or any other remedy." Mothers rely on it, best physicians prescribe it, and guarantee satisfaction or refund price. Trial bottles free. Reg. sizes, 50c and $1. Green's Pharmacy.

—F. W. Crider has a corps of painters at work beautifying the front of Crider's Exchange.

SPEER'S
GRAPE WINES
ALSO
UNFERMENTED GRAPE JUICE
And ★★★ Climax Brandy.



SPEER'S PORT GRAPE WINE
NINE YEARS OLD.

THIS CELEBRATED WINE is the pure juice of the Oporto Grape, raised in Speer's vineyards, and left hanging until they shrink and partly raisin before gathering. It is invaluable

Tonic and Strengthening Properties

are unsurpassed by any other wines in the world, being produced under Mr. Speer's personal supervision, at his own vineyards, the past forty years. Its purity and genuineness are guaranteed by the principal Hospitals and Boards of Health who have examined it. It is particularly beneficial to the aged, debilitated and the weaker sex. In every respect it is A WINE TO BE RELIED ON.

[See that the signature of ALFRED SPEER, Passaic, N. J., is over the cork of each bottle.]

Speer's (Socialite) Claret

Is held in high estimation for its richness as a Dry Table Wine, specially suited for dinner use.

Speer's P. J. Sherry

Is a wine of Superior Character and partakes of the rich qualities of the grape from which it is made.

Speer's ★★★ Climax Brandy

IS A PURE distillation of the grape, and stands unrivaled in this country for medicinal purposes, and equal in every respect to the high price Old Cognac Brandies of France, from which it cannot be distinguished.

SOLD BY DRUGGISTS AND GROCERS WHO KEEP WINES, LIQUORS AND WINES

Love is unequally yoked with sickness. Labor is lightened by love, but love cannot lighten pain or relieve it. Many a man looks on at his wife's suffering willing to do anything to aid her and able to do nothing.

Sometimes, however, the husband's attention is directed to Dr. Pierce's Favorite Prescription and its remarkable cures of womanly diseases. He may not have much hope of a cure, but he is led to try the medicine, with the result that in almost every case there is a perfect and permanent cure.

Dr. Pierce's Favorite Prescription cures irregularity. It dries the drains which weaken women, heals inflammation and ulceration, and cures female weakness.

As a tonic for women who are nervous, sleepless, worn-out and run-down "Favorite Prescription" is unequaled.

"In answer to your letter I will say, my wife commenced to complain twenty years ago," writes Lewis A. Miller, ex-Chief-of-Police, of 13 Prospect St., Weisport, Pa. "We have tried the skill of twelve different doctors. She took gallons of medicine during the time she was ill, until I wrote to you and you told us what to do. She has taken eight bottles of Dr. Pierce's Favorite Prescription and six of the 'Golden Medical Discovery.' She can do her own work now and can walk around again and is quite smart."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets invigorate stomach, liver and bowels.

TRAMPS' GATEPOST SIGNS

Explanations Which Will Help You to Understand Them.

The rude drawings hardly need a key. When on some white gatepost I found the sketch of a gun, I stole farther down the road. I had a strong objection so early in my career to being riddled full of holes by some intrepid farmer. The outline of a dog of warlike proportions, with wild eyes and ferocious teeth, was wont to make me go breakfastless. My summer wardrobe was not in condition to allow of further mutilation. If I felt brave enough to kick a yelping cur, I sauntered in recklessly at the gate which bore a portrait of a toy dog. Once past him one could usually get a bite.

A big round "O" did not make one wild to approach the premises it adorned. It generally portrayed a hostess with a nature of adamant. A single "X" stood for a cross saw, which with small manipulation might earn a meal. Two X's made a tramp of none too vigorous a makeup go farther down the road. It suggested considerable wood cutting in exchange for a meal.

The sign every tramp looks for anxiously is a crudely drawn table, with a lopsided coffee cup and a plate upon it. Beyond that gatepost dwells a sweet, simple, motherly soul who will welcome the most dilapidated hobo into her spotless kitchen and set before him a good square meal. She may sit beside him, inquiring as to the safety of his soul, and she may give him a mother's gentle advice or she may have a story to tell tearfully of a wayward boy lost somewhere in the great world, and all the fee she asks for her gracious hospitality is a simple request that in the wanderings of her guest he may look about for her absent boy and give him a loving message of a mother's longing and watching.—Good Housekeeping.

DAIRY NOTES.

Good butter should be solid from the time it is put upon the table.

Any excitement in the dairy cow tends to lessen the flow of milk.

Failing to get all the buttermilk out causes butter to become rancid soon.

To obtain the best results in churning the cream should be only slightly sour.

In winter the cream should be warmed up to about 66 degrees before putting in the churn.

One advantage in brine salting is that it almost entirely avoids streaked or mottled butter.

The milk should always be skimmed while sweet and the cream then allowed to turn slightly sour.

Sometimes butter has white specks distributed through it. This is caused by oversourness in the cream.

In butter making next to controlling "You should have hired younger men," Mr. Clemens told him. "These toothless old fellows talk only gum [illegible]"

BRAIN WORK.

Its Effect Upon the Body and the Kind of Food It Demands.

The changes of tissue in the brain that take place during study and thought are very important and very rapid. It has been estimated that three hours of brain work cause as great an exhaustion of the forces of the body as an entire day of manual labor.

This waste must be replaced by abundant food, but its selection requires careful consideration and often self denial, for many things which the physical worker can eat with perfect impunity are slow poison to the brain worker, who exercises the brain at the expense of the body and rarely gives the latter sufficient exercise to counteract the mental strain and keep it in condition to resist disease. Bear in mind that, while the waste of the body is much more rapid, the deprivation of physical exercise encourages torpidity of the voluntary functions and renders them sluggish in eliminating these wastes; therefore it is of the utmost importance that the tasks imposed upon them should be light.

Brain workers require the most concentrated and easily digested foods. They should eat fresh beef and mutton, fish, eggs—cooked in many forms, but never hard boiled or fried—oysters and crisp salads, lettuce, chicory, tomatoes, watercress, etc., with mayonnaise or French dressing. They should begin the day with fruit and make it form the principal part of luncheon and be very sparing in their use of cereals, eschewing entirely white bread and oatmeal. Their ideal luncheon, which must be light if they continue to work in the afternoon, is a glass of milk or cup of hot chocolate or, better still, a glass of fresh buttermilk, with two or three graham wafers or a bit of toast and some fruit, an apple, figs or an orange.

Leather Eating Ants.

It is said that in Rhodesia white ants destroy boots and articles of clothing left on tables or hanging on nails. The following is from a letter received recently from South Africa: "On awaking in the morning you are astonished to see a cone shaped object on the brick floor a short distance from your bed with two holes at the top. On closer examination you discover that the holes have just the size and shape of the inside of your boots, which you incautiously left on the floor the night before. They have given form and proportion to an ant heap, and nothing is left of them except the nails, eyelets and maybe part of the heels."

The Three Meal Habit.

Our three meal habit is a fearful tax on our working capacity. It trebles the temptation to overeating. Our champions stagger under the weight of a physiological handicap. One-half the functional energy of the system is diverted by the exigencies of digestion. No other hygienic mistake has done so much to make us a generation of dyspeptics as the custom of after dinner work. Its victims, moreover, incur the risk of contracting that form of moral dyspepsia called pessimism. It tends to rob the working day of its reward.—Dr. F. L. Oswald in Success.

Her Sorrow.

She—Harry, you said something last evening that made me feel so bad.

He—What was it, dearest?

She—You said I was one of the sweetest girls in all the world.

He—And aren't you, darling?

She—You said "one of the sweetest." Oh, Harry, to think I should live to know that I have to share your love with another!

Kind Words Mean Much.

Cultivate kindness of heart, think well of your fellow men, look with charity upon the shortcomings in their lives. Do a good turn for them as opportunity offers, and, finally, don't forget the kind word at the right time. How much a word of kindness, encouragement or appreciation means to others sometimes and how little it costs us to give it!

We do not need to wait for some special occasion. When calamity overtakes a friend, words of sympathy and encouragement are offered sincerely enough, yet in certain respects, as a matter of course. Such an occasion calls for expression on our part, and we naturally respond. But why wait for occasion? Why not speak the kind word when there is no special occasion?—Philadelphia Ledger.

Forewarned:

Agent—Let me show you something very neat in the way of artificial limbs.

Mr. Busyman—Nonsense! Don't bother me. I'm not a cripple.

Agent—Of course not, but it's always well to be prepared for emergencies, especially here in New York.—Brooklyn Life.

MORE WORK, LESS TALK!

Such in a Nut Shell is the Situation in the Hard Coal Region at Present.

NON-UNION MEN SCARCE

Gradually Disappearing at Many of the Mines and the Old Employes Are Fast Taking Their Places.

THE ARBITRATION COMMITTEE MEETS

WILKESBARRE, October 25.—There were twenty-two more mines in operation in the anthracite region yesterday than Thursday, and the output will be close to 100,000 tons. This is as near as can be estimated. From reports received the total output Thursday did not exceed 75,000 tons. When in full operation the mines employ in every capacity about 145,000 men and boys. Of this number it is estimated that 82,000 were at work yesterday. A more amicable feeling prevailed yesterday between employer and employe than Thursday. The excitement over the commencement of work Thursday wore off somewhat yesterday. In other words, there was more work and less talk. Less complaints were also received at President Mitchell's headquarters. The non-union men, despite what may be said to the contrary, are slowly being displaced at many of the mines and the old employes are taking their places.

The Delaware, Lackawanna and Western company continues to lead in production. There are two reasons for this. First, the mines are in good condition and there is less friction between the district superintendents and the men who have returned to work. The work of clearing up those mines that are filled with debris from falls is being pushed forward as rapidly as possible, and the fact that they are not in readiness to operate is a great disappointment to the mine owners.

Ex-Congressman M. B. Williams, one of the largest individual operators in the Wyoming region, said his mines would not be in readiness to resume before next week, but he would take all his old employes, including steam men, back, because, he claimed, they had served him faithfully in the past. The trouble with the individual operators in the Lehigh region is expected to blow over in a day or two and it is said here on good authority that all collieries in the Lehigh and Schuylkill regions that are in condition to mine, will resume next Monday and that all the union miners will be re-employed. The mines inspectors are very vigilant and they have refused to give permission to the starting up of mines where the superintendents cannot furnish satisfactory proof that the underground workings are perfectly safe.

President Mitchell continues very reticent and refuses to be quoted on any move made by the operators, either regarding the treatment of the old employes or the advance in the price of coal. The evidence which he will present to the arbitration commission is now being arranged in systematic form. When Mr. Mitchell was asked today regarding the published report that there was some doubt whether he would be permitted to appear before the commission on behalf of the miners, he said that he presumed the miners would select any counsel they saw fit to present their case before the commission. President Mitchell pledged himself before the miners' convention held in this city, the beginning of the week, to present the case of the union miners before the arbitration board. Mr. Mitchell has received a call to Washington and will leave here Sunday afternoon.

Battery C, of Phoenixville, which has been stationed at Nanticoke the last three weeks, is included in the order of Major General Miller issued today.

Stanley McCalley, a Lithuanian miner, was enticed into a house, occupied by one of his countrymen in this city last night, and, after being stripped of his clothing, was beaten most unmercifully all over his body with a heavy rubber hose. He made his escape from the house more dead than alive. He was accused of "scabbing" during the strike. Today six men were arrested, charged with being implicated in the crime. They were taken before Magistrate Brown and committed to jail for trial.

To Stop a Cold.

After exposure or when you feel a cold coming on take a dose of Foley's Honey and Tar. It never fails to stop a cold if taken in time. C. M. Parrish.

RAFTS OF GNAT EGGS.

Their Floating Illustrates a Curious Property of Water.

Many simple experiments show that the surface of water possesses a property which causes it to resist the passage of bodies either from above or below. This is true not only of soapy water, but of the cleanest and purest water as well. A sheet of fine gauze tends to float, because, its weight being widely distributed, each of the numerous separate wires is resisted by the surface film so that the water cannot readily pass through the meshes.

Insects and plants utilize this fact in many interesting ways. Some water plants whose leaves float on the water have a very simple contrivance to keep the upper surfaces of the leaves dry. This consists of a great number of minute hairs covering the tops of the leaves. Water cannot penetrate among these hairs even when the leaves are forced down beneath the surface.

The little rafts of eggs that gnats set afloat on the water are kept from sinking and from being upset through this same principle. The tiny eggs have their points all upward, and they are glued together so closely that, while there is open space all around the point of each egg, yet the width of these spaces is so slight that water cannot readily pass through. You may again and again upset such an egg raft, but it will right itself every time, and the upper surface will remain dry.

Hoist With His Own Petard.

A Philadelphia clergyman told a story of a young man who took his best girl to church and when the time for "collection" came round rather ostentatiously displayed a five dollar gold-piece. Presuming upon the engagement to marry that had been made by her, the young woman placed a restraining hand upon the arm of her fiance. "Why, don't be so extravagant, George!" she exclaimed.

"Oh, that's nothing," he replied. "I always give $5 when I go to a strange church."

Just then the deacon came with the plate, and George dropped a coin. Everything seemed favorable, and the young man beamed with a sense of generosity. Then the minister made the announcements for the week and concluded with the wholly unexpected announcement of the day's collection.

"The collection today," said he, "was $3.75."

George hadn't much to say all the way to his fiancee's home.

A Correction.

When President Blanco's administration in Venezuela was overturned, that official, who, report said, had accumulated great wealth while in office, went to Paris. He was strolling in a boulevard in the French capital when a passing pedestrian arrested the pace of his companion and said: "See that man? He stole $3,000,000 when his government was overthrown." Quick as a flash Senor Blanco turned. "Beg pardon, sir," he said icily, "but it was $5,000,000."

The Real Thing.

"Is this your writing?" asked the merchant as he glanced over a written list of goods wanted.

"No," replied Mr. Meeker; "my wife wrote the list."

"Well, she certainly knows how to handle a pen," said the merchant. "Her diction is absolutely perfect."

"Yes, I suppose her diction's all right," replied Meeker, with a deep sigh, "but it's nothing when compared with her contradiction!"—Chicago News.

Recommending Coal.

A promoter of a recently discovered coal mine in Rhode Island sent a quantity of the material to Professor —— of New York university. Afterward he asked for a certificate of its quality, whereupon the professor wrote:

To Whom It May Concern:

This is to certify that I have tried this coal in my fireplaces, grates and stoves for several weeks, and, having done so, I can confidently recommend to all my friends that they hurry into the state of Rhode Island on the day of judgment, being well satisfied that it will be last portion of the earth to burn.

—Pittsburg Dispatch.

The Useful Men.

Encourage the useful men in the community. Don't start foolish and untruthful stories about them and discourage the work they are doing. If you cannot do anything for the public good yourself, don't discourage those who are willing to give their time and money toward developing the community in which you live.—Atchison Globe.

A Persian Dinner.

A traveler in Persia thus describes a dinner served in the household of a wealthy Persian: "The chief dish consists of a fowl boiled to rags, surrounded by a toothsome mass of rice, hard boiled eggs, fried onions, almonds and raisins. There is a Shiraz wine, clear, golden red liquid that has traveled over the mountain passes on muleback in a huge glass carboy. Among the dessert manna has a conspicuous place. This delicacy is somewhat akin to nougat; it is studded with walnuts and almonds and is jaw sticking to the last degree. Like the mango, it is best eaten in private, for it renders the masticator speechless. It is made of gum that exudes from a tree and is said to be engendered by a worm."—Chicago News.

A Composer.

Hoax—I thought you said that man was a musician?

Joax—Nonsense!

"You certainly told me he wrote melodies."

"I told you he was a composer of heirs. He sells soothing syrup."

Reforming Bad Boys.

Do reformatory boys reform? The question was suggested by the animated scene on board the gayly decorated training ship Cornwall at Purfleet when the annual meeting was held and a large gathering of visitors watched the boys at most interesting aquatic sports.

What is the general outcome of the training? A large percentage of the boys—about eighty-five per cent.—do radically reform. Many enter the army, where a high standard of education assists them in their careers. In the recent war four gained commissions and over a score received distinguished service medals, while a large proportion of these products of the reformatory systems become noncommissioned officers.

Other boys go out into life equipped to follow a skilled trade and do well, and a considerable number join the mercantile marine; which needs them badly.

In fact, the records of thousands of lads show that early misdemeanors are due, as a rule, to a veneer of naughtiness which a healthy disciplinary life, with plenty of sports, removes. — London Daily Telegraph.

Dogs Attack Porcupine.

Farmer George Roesman at Fairbrook came near loosing his two beautiful Virginia hounds recently. The dogs were turned loose for a run when they made an attack on a hedgehog and as a matter of course got the worst of the fray. The dogs suffered intensely with their mouths full of quills. Dr. Fry had to be called and the canines were etherized and the quills extracted as their heads had swollen to an enormous size.

Where Hard Coal Comes From.

Three ink blots on the eastern end of the map of Pennsylvania, between the Delaware and Susquehanna rivers represents all the antharcite coal in the United States. They cover an area of 488 square miles, and produced last year 53,500,000 tons—truly infinite riches in a little room. They are popularly known as the Wyoming, Lehigh and Schuylkill regions. Their limits are so sharply defined that one can pass in five minutes through one of the notches in the surrounding mountain wall and find himself as much out of the "coal regions" as if they were a hundred miles away. The coal measures lie on a floor of conglomerate rock, which rises about them on all sides of a basin and is exposed on the slopes on summits of the mountain surrounding the coal regions. The coal measures which lie in this basin are composed of alternate layers of rock and coal piled upon each other like the layers of a jelly cake, in which the thick layers of a cake represent the rock strata and the thin layers of jelly the coal beds. The thickness of the coal beds vary from 1 foot to 32 feet, and that of the rock from a few feet to 200.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

—The dead letter office handled over 9,000,000 pieces of misdirected mail matter last year. This heap of matter is a stupendous monument to the carelessness of the average man and woman as well as an exposition of the labor which such carelessness entails upon Uncle Sam.

The Worst Form.

Multitudes are singing the praises of Kodol, the new discovery which is making so many sick people well and weak people strong by digesting what they eat by cleansing and sweetening the stomach and by transforming their food into the kind of pure, rich blood that makes you feel good all over. Mrs. Cranfield, of Troy, I. T., writes: For a number of years I was troubled with indigestion and dyspepsia which grew into the worst form. Finally I was induced to use Kodol and after using four bottles I am entirely cured. I heartily recommend Kodol to all sufferers from indigestion and dyspepsia. Take a dose after meals it digests what you eat. Parrish's drug store.

—The Pennsylvania Railroad company has completed its new reservoir, on the Andrew Cherry farm, in Antis township. It is twenty-six feet deep at the spillway, the dam is 1,100 feet wide, and the capacity of the reservoir is 50,000,000 gallons. The water therefrom is already in use in the Juniata shops.

Bright's Disease.

High living, intemperance, exposure and many other things bring on Bright's disease. Foley's Kidney Cure will prevent Bright's disease and all other kidney or bladder disorders if taken in time. Take nothing else. C. M. Parrish.

NERVES ALL UNSTRUNG.

That describes the condition exactly. Children's noise, street sounds, little things that usually pass unnoticed annoy. A sudden sound, a call, you jump; a harsh word, a crying spell. The sleep is full of jerks and starts; trouble fills your dreams; you do not rest. Tired you go to bed, weary you rise. Its the unstrung nerves, weak, shattered, over sensitive, on edge. They need rest, quiet, strength, steadiness. Well known people in your own city give you the cure in Dr. A. W. Chase's Nerve Pills—the most remarkably successful nerve medicine ever produced.

LEWISBURG PA.

Mr. J. W. Getz, of Market street, Lewisburg, Pa., says:—"I have for a long time been troubled with nervousness, especially at night it seemed as though I could not rest at all and would seem to ache all over. I had seen Dr. A. W. Chase's Nerve Pills recommended and got a box and found that they were a great benefit to me. They quieted and soothed the nervous and enabled me to rest well. I can recommend them highly."

EDITORIAL.

TAKE no chances but simply put an X in the circle of the first column of your ballot.

HOW MANY OLD SOLDIERS IN CENTRE COUNTY SUPPOSE FOR ONE MOMENT THAT HON. WILLIAM C. HEINLE WILL VOTE FOR ABE MILLER, H. H. HEWITT OR HARRY PONTIUS? ALL OF THESE GENTLEMEN ARE VETERANS OF THE CIVIL WAR.

A change has come over the old soldier within the last few days. They begin to realize that Senator Heinle has not done so much for them after all, outside of furnishing a few railroad passes to go to Washington. They did not cost him anything.

W. "Mature" Carlin paid a visit last Thursday to the furnaces and glass works in Bellefonte. The men employed there did not waste much time smoking the cigars he handed out, cause he did not hand any. W. "Mature" is not wasting any money on cigars in this campaign.

Brother Harter appears to have stirred up the fire of the Watchman, Democrat and Reporter. There must be something in what Mr. Harter alleges, or it would not have hurt. But go ahead, boys, it is none of our funeral, as the Republican has not enjoyed any county patronage from time immemorial.

GEORGE MEEK has quite an article in last week's paper on the services of Capt. Taylor during the late war with Spain, telling what a brave officer he was, and that we, should support him, on account of his gallant and patriotic service, but does not tell the reason why he was not with Capt. Taylor. He is a fine specimen to talk about what we owe the soldiers. He was not half so patriotic at that time as he would have people believe. If you doubt this, read some of his strictures on the late lamented McKinley, as published in his paper, during that struggle.

Place an X in the circle at the top of the Republican column.

OUR CANDIDATE FOR CONGRESS, HON. S. R. DRESSER.

We are now on the threshold of one of the most important elections ever held in Pennsylvania. The people of this commonwealth have always felt proud of the dear old Keystone State, and they have had a good right to from the fact, that her people are more prosperous and in better condition generally, than are the citizens of any other state.

This perhaps to many would seem like a very broad assertion, but it can be backed up by facts and figures, and it is an old and true saying "That figures never lie."

If you want continued prosperity, it behooves you to study well the political situation so that when you go into the polling booth on Election Day, you will make no mistake for whom you cast your vote, it is a duty you owe yourself, your wives and your children. The most important positions to be filled this year, is that of Congress. President Roosevelt during his short term in the Presidential Chair has made an enviable record, and Republicans and Democrats alike are singing his praises all over this broad land. In order to carry out this grand policy, it is necessary that he should be sustained by a republican majority in the House of Representatives, otherwise he would be seriously hampered, and any wise piece of legislation that he might suggest would most likely be turned down by the Democrats, if they happened to be in power. It must be plain to the voters of the 21st Congressional District relative to whom they intend to vote for, on November 4th. The issues have been clearly defined, you know exactly what your candidate Mr. S. R. Dresser stands for. If he is elected (and there should be no doubt as to that) he will go to Washington and assist in placing on the statute books, laws that will be beneficial to his constituency. Furthermore, he will take his orders from the people of his district and carry them out to the letter. There is no free trade nor free soup houses in his make up. Mr. Dresser's motto: is "Live and let Live," which is one of nature's greatest laws, and that is what he will stand for when elected to Congress. The Democratic Candidate for Congress has conducted a mud-slinging campaign from start to finish. The stories which were concocted and absolutely false were eagerly sought after by the Democratic Press, who published them without taking time to assertain whether or not they were true or false.

You have had plenty of time to study the true character of Mr. Dresser. A great many of you have met him and had a heart to heart talk, and it seems entirely unnecessary for us to dilate upon his superior qualifications. Mr. Dresser is a business man of sterling integrity and is eminently fitted for the office for which he is aspiring. In conclusion, we say to you in all sincerity, Go to the booth on Election Day and don't falter, if you wish to perpetuate the good times and prosperity which you are now enjoying, and cast your vote for Mr. S. R. Dresser, who has pledged himself to honesty, and fearlessly labor for the best interests of his party, both National and State.

VOTE H. H. HEWITT.

H. H. Hewitt, our candidate for Recorder, is a man of more than ordinary intelligence, of excellent character, and a fine penman. He is the ideal candidate for the position to which he aspires, and his affable and agreeable manner, will make it a pleasure to have business relations with him. We might just here mention the fact, that Mr. Hewitt served his country loyally during the Civil War, and is entitled to wear a G. A. R. badge.

Charley Kurtz, in last week's "Democrat, had a great deal to say about Mr. Patton raising the price of coal. We give Charley credit at least for horse sense, and he knows that Mr. Patton never sold one pound of coal in Centre county for his mine is on the Beech Creek R. R. and the entire product is shipped over that road to Eastern cities.

We wonder whether any of the members of Gregg Post or any G. A. R Post in the county has forgotten the fact, that Robert E. Pattison when governor of Pennsylvania, did veto the Bill that had been passed by a Republican Legislature, requiring County Commissioners to appropriate $35. to pay for a coffin, and $15. for a tombstone, for any soldier who died without means to bury him. Hon. Robert E. Pattison said, NO, this shall not become a law. In spite of his veto, however, the Bill was passed over his head, thus saving the poor soldiers' widow or children the humiliation of having their husband or father buried as a pauper. This same Robert E. Pattison is traveling through the state in his parlor car, asking the soldiers of the state of Pennsylvania to elect him once more to the position where he would sign any bill against the soldier's interest, or veto any law that might be passed, which would be a benefit to these brave men.

The Bellefonte Democratic ring, which boasts that they carry the Penns Valley Democratic vote in their vest pocket, must think they have the vote of that section this fall where they want it, or they would have arranged a special train to bring the people from that side of the county to the Democratic Rally and Mass meeting last Thursday. The ring does'nt have much business for those people. They treat them as they please, and always expect the farmers living over there to support the ticket made by half a dozen men in Bellefonte.

Poor Hibner, not one of our leading Democrats would take him around and introduce him to the voters last Friday. They must have been ashamed of him. The county Commissioners, however, to help him out of the dilemma, sent Tommie Shaughnessy, who is employed as janitor at the Court House, and paid out of the county funds, to steer him through town, and from Tommie's appearance, we don't think he relished the job.

The Centre Democrat which has so much to say concerning the soldier vote of Centre county, and dictating to them for whom they should cast their ballots, is the same sheet that a few years ago through its columns, proclaimed Abram V. Miller a deserter from the army. A Soldier lying on the battle field with his jaw shot away, and wounded in other parts of the body, scarcely deserves to be branded as a deserter. VOTE FOR MILLER.

In explaining how he happened to be vice-president of the DuBois Brewing Company, D. E. Hibner, the Democratic candidate for Congress, told us last Friday, "ME AND A LOT OF OTHER LEADING MEN IN DUBOIS GOT THE BREWERY THERE TO HELP BOOM THE TOWN". Just so, another illustration of the eternal fitness of things.

Will Senator Heinle kindly explain to the farmers of Centre county why he failed to stand by them on the Oleomargarine bill. Senator you were too honest to be bribed, but were faithless to the trust reposed in you, by the farmers of Centre county. Honesty is a great virtue, but there are other things just as essential.

Farmers, when you cast your ballot next Tuesday, don't forget that Hon. W. C. Heinle dodged voting on the Oleomargarine bill. His voice was not heard, nor his vote recorded in your interests. He failed when his services, in your behalf, were neeeded. But now he expects you to stand by him. WILL YOU?

Our Democratic friends can not complain of scarcity of coin in this campaign $5400, has been sent into this county to buy the election of state senator and the two members of Legislature—Money and whiskey are as plenty at Democratic headquarters as fleas on a mangy cur.

Vote for Philip D. Foster.

THE CENTRE DEMOCRAT MAKES A MISLEADING STATEMENT.

In last week's "Centre Democrat", there appeared an article intended to deceive the tax payers of the county, and reflecting on the honesty of Abram V. Miller.

The article stated that Mr. Miller had charged for outside services, such as delivering duplicates, ballots, tax assessments, etc., much more than either Messrs. Heckman and Meyers, the Democratic Commissioners.

Mr. Kurtz in his paper states that the amounts paid for this extra service was as follows:

Abram V. Miller 20 days, (or over $2.00 per day)	$40,01
Daniel Heckman 27 days, (or $1.24 per day),	$33.91
Philip Meyer 31 days, (or $1.26 per day)	$39.56

From the above statement, the figures of which are authentic,—we discover that Mr. Miller's bill was altogether out of proportion to the others, so much indeed, that it caused us to wonder why the majority of the board, who are supposed to conduct the affairs of that office in an honest and business-like manner, would consent to having it paid,—why they would pay Mr. Miller $2.00 per day for work that could be done for $1.24—and it occurred to us, that if all their business transactions were done in this manner, they were a costly board of Commissioners, and the affairs of the office needed investigation.

We felt satisfied however that neither Mr. Heckman nor Mr. Meyer, were guilty of such a flagrant outrage on the tax payers, and would not submit to having the county treasury robbed by the minority member, when they had it in their power to refuse payment of the bill.

After looking into the subject we discovered the true state of affairs, and why this bill of Mr. Miller's was paid without even a protest from either of the others.

In the first place, we ascertained that in Mr. Miller's bill, was included horse and buggy hire, while in the others it was omitted, for what reason this was done we can only conjecture. The livery bills of Messrs. Heckman and Meyer were afterwards paid, and appear in the annual "Auditors' Statement."

We have gone to the trouble to do a little calculating, and the result of it is, that allowing $2 00 per day for livery hire, which is a low figure, the exact amount paid the commissioners for extra work in 1901 was as follows:

Abram V. Miller 20 days, (or $2.00 per day)	$40.01
Daniel Heckman 27 days, (or over $3.25 per day)	$87.91
Philip Meyer 31 days, (or over $3.27 per day.)	$101.56

We will explain that Mr. Miller used his own horse and buggy, and simply charged what he actually paid for stabling and feed, while traveling on county business.

If Mr. Kurtz had taken a little trouble to investigate this matter, he would not have done injustice to Mr. Miller, and caused us the unpleasant duty of placing Messrs. Heckman and Meyer in a very disagreeable position, before the tax payers.

The above will show the economy of the two majority members of the board.

If any old soldier has any intention of voting for Pattison to again be Governor of Pennsylvania, he might recall with profit that when in 1885 the bill to provide for the burial of indigent soldiers and the marking of their graves was before him he vetoed it, saying: "This bill is a remarkable exhibition of the unwarranted and preposterous extent to which a most laudable and patriotic sentiment may be carried." In that veto message he suggested that enough had been done for the soldiers, but the Legislature passed the bill over his head, only nineteen Democrats daring to stand by their Governor.

Did any farmer in the county hear Senator Heinle explain why he dodged voting for the Oleomargarine bill, or does the Senator think the farmers have forgotten the matter?

VOTE FOR MILLER AND BAILEY.

Every voter knows the importance of having practical men as Commissioners, men of good judgment, and with a knowledge of business. Such men we present as our candidates for that office. John G. Bailey is a man of mature years, living on a farm in Ferguson Township, of excellent character, and commanding the respect of his neighbors and all who know him. He has the advantages of a good education, and a fine knowledge of business. He has been a director in the Farmers' Mutual Insurance Company for twenty years, and his advice on all questions connected with the company is sought after, and invariably carried out.

Abram V. Miller, our other candidate, and at present a member of the Board of Commissioners, is so well known throughout the county, that it is hardly necessary to present his claims to the people. He is acknowledged to be one of the most careful, economical and conservative Commissioners we have ever had, and the excellent condition of our county finances is largely due to his ability, and care, in the management of that office. Aside from every other qualification he has a Civil War record which should commend him to every voter who has a drop of patriotic blood in his veins.

VOTE FOR S. R. DRESSER.

This is the last opportunity we will have before the election, of urging the Republicans of this county, to not forget the importance of voting for our Congressional candidate. A Republican Congress a continuance of prosperity. A Democratic Congress means a tinkering with the tariff, which would cause a depression in business and ruin, to many. In our candidate, Mr. Dresser, we have a man who is capable to represent this district and look after and protect its best interest. A man largely engaged in manufacturing, with a great number of employees, he is just the person to be depended upon to vote right on every question effecting Pennsylvania. There is no reason why any Republican should vote against him. He is an honest man, and has the utmost confidence of every business man in our state, therefore, be sure that your vote is cast for Hon. S. R. Dresser.

VOTE FOR ALLISON AND PONTIUS.

Although the duties of these officers extend over but a limited time, they are nevertheless of vital importance to the tax payers, for it is their business at the beginning of each year to carefully examine the accounts of the Treasurer and County Commissioners, to ascertain whether any mistakes have been made and the law complied with in every particular, and that their books and accounts are kept as prescribed by law. Should there be any crookedness, it is their business to unearth it, and make it public. Both our candidates are well qualified to perform their duties, being both practical accountants.

VOTE FOR HENRY LOWRY.

Henry Lowry, our candidate for Sheriff, is a carpenter, one of the common people, who if elected to fill the office of Sheriff will discharge its duties with fidelity. He is honest, sober and industrious, qualifications which should commend him to the masses, even if he is but a common carpenter. One reason why he should command the support of our voters without regard to politics is, that his opponent is a lawyer, who has no right to this office. Voters, whether Republican or Democrat, should vote for Henry Lowry, and rebuke the legal fraternity, which would usurp every office in the county.

VOTE FOR DR. S. M. HUFF.

Our candidate for Coroner, Dr. Huff, is a prominent physician of Milesburg, enjoying a large practice, and a man of good sound judgment, such a person as would fill the office of coroner to the satisfaction of every one.

TO THE WORKINGMEN OF CENTRE COUNTY.

The Democrats are spreading broadcast, circulars over the name of C. W. Joyce, who signs himself Secretary of the "League of American Workingmen," in which it says, that the League has endorsed Senator Heinle's candidacy.

The circular states further, that the headquarters of the League is at Harrisburg. Upon inquiry, we learn that there is no one in that city by the name of C. W. Joyce, nor is the existence of such an organization known there. Thus it is evident the whole thing is a fake, calculated to deceive the workingmen of this district.

We were not surprised at the result of our investigation, for workingmen are not in the habit of advocating the election to office of any one who has nothing in common with their interests. Mr. Heinle was never known to pay one dollar in wages to any man, nor has he one cent invested in any industry, giving employment. For this reason we gave no credence to the fake circular.

The laboring man has no business for the politican who is continually after office, and when once there, forgets all about those who were instrumental in electing him.

The man who "earns his bread by the sweat of his face" is naturally interested in those who are willing to invest their means in industries that give employment to labor; for it is of more importance to them to have such men elected to office, than the profossional politician, for any laws passed benefiting the employer are a benefit to the employee, any sane man will agree to this.

A. E. Patton of Curwensville is the Republican candidate for State Senator, and he is largely interested in manufacturing enterprises, last year the business operations he is engaged in, paid out over $1,000,000 in wages for labor, and this year it will exceed that amount W. C. Heinle of Bellefonte, is the Democratic candidate for State Senator. He is a politician. Last year he paid out for labor, not one cent, and he never will.

Who is doing the most for the working man? Whom should they support, Patton or Heinle? We leave this question to the sober thinking voter.

VOTE FOR STROHM AND SCHOONOVER.

Messrs. Strohm and Schoonover, our candidates for Legislature, are men who enjoy the confidence and respect of their neighbors. They are intelligent men, and good Republicans, and can be safely trusted in voting for any measure effecting our interests, and will cast their vote for a Republican to succeed Hon. Boyies Penrose for United States Senator.

VOTE FOR EARLE C. TUTEN.

Earle C. Tuten, our candidate for Register, is one of the finest young men in Centre county, polite and obliging, with a most agreeable manner, he would make one of the most courtecus and capable Registers we have ever had. The only thing that can be said against him, by the Democrats, is that he is poor. This will not prevent the fair and impartial man from voting for him.

VOTE FOR PHILIP D. FOSTER.

Philip D. Foster, our candidate for Treasurer, is in every way qualified to fill that office to the satisfaction of every one. He has the ability to conduct its affairs in a business like manner, and will be one of the most popular officers ever elected to that position. It is not necessary for us to go into details in his case for there is no question of his election. Let us give him a handsome majority.

THE Democrats accuse Mr. Patton with being responsible for the advance of price of Bituminous coal. For their information will state that Mr. Patton is only treasurer, while Hon Jas. Kerr, one of the leading democrats of Pennsylvania, is the president of the only coal operation Mr. Patton is engaged in—if any one is responsible it is Mr. Kerr.

CORRESPONDENCE

HOWARD.

The funeral of our townsman and highly respected citizen, E. C. Dietz, was largely attended on Sunday.

Messrs Samuel Bower and Abe Weber, two of our prominent business men, are erecting beautiful homes which are nearing completion.

Messrs Will Weber and Chester Moore, have returned from an extended trip to the eastern cities, and report having had an excellent time.

Many of our property owners are laying very durable stone walks, which is a decided improvement to our town.

Mr. Lot Neff who has been ill for several weeks is slowly improving.

Mr. Clarence Candy formerly of this place, but now a flagman on a freight train had the third finger on his left hand badly mashed, Dr. Kurtz dressed the wound.

Mr. Roy Leathers, the constable of Howard Boro, who has been on the sick list is now improving.

Mr. and Mrs. John A. Thompson, now of Snow Shoe, but formerly of this place, were visitors in town on Sunday and Monday.

The Union Bible Class will hold their weekly meeting, at the home of Mrs. S. C. Hensyl on Friday evening.

Miss Martha Lucas, and her nephew, Alfred are moving to Tyrone this week, where the latter has employment as street car conductor.

Mr. and Mrs. Womer of Bellefonte were visitors at the home of Mrs. D. E. Holter last week.

Mr. Al. Pletcher, formerly of Nittany, but now a teacher in the Howard Schools, moved to our town last week. We are very glad to have him, as it adds one more citizen to the roll.

Mr. Clare Tipton who is a student at the Williamsport Commercial College, was a visitor at the home of his parents part of last week and over Sunday, he departed on Monday afternoon.

Miss Maud Hopkins, one of our most accomplished young ladies, departed on Saturday for Norristown where she will attend a business college.

Mr. Al. Bechdel of Pittsburg is at present visiting at the home of his parents.

Mr. James Delaney of Pittsburg is visiting friends in this vicinity.

PHILIPSBURG.

We are glad to see the Democratic scribe from this place has revived, and had four big items in the Democrat last week. He came to life for election, where will he go after that?

Quite a pleasant gathering took place at the home of Mr. Samuel Gardner of South Philipsburg last Wednesday evening when the U. B. Minister and many friends and neighbors met for the purpose of presenting to Mr. Gardner a large silk crazy quilt which had been pieced by members of the U. B. Church and others.

The presentation was made by Rev. Graham in a very fitting manner, after which all partook of all the delicacies of the season, after supper and a short time in social amusements all departed to their dormatories and Mr. G. began to wonder how it happened. He is a great worker in the church and is deserve of the credit given.

Last Saturday a fire broke out in Mr. Womelsdorf's house but did little damage being extinguished when the firemen arrived. We are sorry we have no team for our fire companies and you could see the prominent delivery wagons each with a truck attached going rapidly towards the fire.

Yes, the P. H. S. foot ball team did get worsted at Bellefonte but said those fellows "kicked" to much.

The First Presbyterian church held their Rally day Oct. 26, which was a very interesting affair.

J. B. Strohm, Henry Lowry, and Philip Foster were in town looking up their election interests. Good luck to you!

The Pleasant Hill school has been opened by Miss Herman temporarily.

Quite an interesting lecture was delivered in the Baptist Church last Wednesday to a full house, by a returned missionary from India.

Rev. Myers attended Conference at Greensburg the past week.

Samuel Hamilton, Republican candidate for Commissioner in Clearfield county, was in town last week.

The funeral of James Clark took place Saturday Oct. 25.

UNIONVILLE.

Quinter Underwood has returned to his employment at Pittsburg.

Mrs. John Miles and children of Milesburg, spent Sunday as a visitor at her parents home, in this place.

Don Beard, of Lock Haven, a State College student spent Sunday with his Uncle Daniel Buck and family.

Clayton Stover who is employed in Pittsburg is a visitor at his parental home.

Mrs. Thomas McClellan of Bellefonte is a guest of her parents Mr. and Mrs. Geo. Morrison.

Miss Snyder, the Bellefonte milliner was a guest of Miss Lizzie Brugger on Sunday.

David Pratt of Clearfield Co. was a recent visitor at the home of his father, Mr. Riley Pratt.

Mrs. James Campbell and two children, of Milesburg, visited her friends, Mrs. Geo. Calhoun and Mrs. Charles Eckenroth over Sunday.

Mrs. Miller wife of the late Joseph Miller, of Bellefonte was a recent guest of her brother, Thos. Eckenroth and family.

Vote for William M. Brown.

The Evangelicals are holding a protracted meeting here at present.

Lundy Lucas has gone to Clearfield Co. to assist his brother, Walter, in running a livery stable.

CENTRE HALL.

Rev. James W. Boal, of Port Carbon, paid a flying visit to his relatives in Centre Hall last week. Rev. Boal owns a fine farm at Earlystown, at present occupied by David Bradford, one of Penn's Valley's most progressive farmers, and it is thought that the Reverend will make Centre Hall his residence after he retires from preaching.

W. B. Mingle has returned home after a few days' visit to his daughter, Mrs. Emery Hoy, in Philadelphia. Mrs. Mingle and her mother, Mrs. Yearick, who accompanied him, are continuing their visit for a few days longer.

W. A. Krise while standing on the top round of a ladder picking apples last Saturday fell to the ground, through the breaking of the round on which he was standing, and broke one of his ribs and otherwise injured himself.

A SAD DEATH.

The remains of Earnest Foreman, a two-year-old child of Edward and Mary Foreman, of Youngstown, Ohio, who was scalded so that it died from the effects, was brought to Centre Hall and buried on Tuesday of this week.

Mr. and Mrs. Foreman moved from Centre Hall to Youngstown about a year ago, Mr. Foreman having received a position as foreman for an extensive building firm in that city.

Mrs. Foreman had filled the washing machine with hot water preparatory to washing when the child pulled the plug out letting the water run over it. It was thought that it would recover, but blood poisoning finally set in causing its death.

The funeral services were conducted by Dr. Schuyler, of whose church Mrs. Foreman had been a member.

LEMONT.

Corn in this vicinity is good.

Our Republican mass meeting was a success.

James, Charley and Frank seem to have some interest in the Bellefonte ladies.

Charles Getty attended a dance at Oak Hall last week.

The hunters in this section expect to leave for their hunting trip on election day. We hope they all will give the Judge their vote before they go.

Elmer Ross is loading a car of potatoes this week.

Grant Myers says he will burn gold this winter instead of hard coal.

Mrs. John Lucas departed for Kylertown where they expect to reside.

Henry Montgomery, constable of Bellefonte, was in our town last week on business.

Mr. George Thompson and wife were callers in our town on Sunday.

The M. E. church of this place is being painted and repaired.

John Jackson says graveyard spooks don't go any more. How is your eye?

The 'Squire is husking corn this week.

OAK HALL.

Mrs. Green Irvin who has been confined to her room with rheumatism for the past two week is now able to walk with the use of a crutch.

Miss Mary Dale is visiting friends in the western states, she expects to be absent three months.

Mrs. Thos. Gramley who has been spending some time with her daughter Mrs. Rose Lauder returned to her home near Altoona on Tuesday.

Arthur Kline has been on the sick list the result of a fall.

Miss Annie Kaupt has been on the sick list the past few weeks.

Annie Bohn and Esther Kline were to Centre Hall last week on a shopping expedition.

Mrs. John Close spent Sunday with her mother Mrs. Rebecca Meyers of Boalsburg.

Charles Knoll was a Lemont visitor Saturday evening, we wonder why.

If the Republicans of Centre county turn out on Election Day and vote the Republican ticket straight, every candidate will be elected by a handsome majority.

"Take care of the pennies and the pounds will take care of themselves."

Large things are but an aggregation of small things. If we take care of the small things we are in effect taking care of the large things which the small things combined to make.

Take care of what you eat, when you eat, and how you eat, and your stomach will take care of itself. But who takes care of such trivial things? That is why, someday, the majority of people have to take care of the stomach. When that day comes, there is no aid so effective in undoing the results of past carelessnessas Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, and restores the organs of digestion and nutrition to a condition of healthy activity. It cures biliousness, heartburn, flatulence, indigestion, palpitation, dizziness, cold extremities and a score of other ailments which are but the symptoms of disorder in the stomach and its allied organs.

Vote for J. B. Strohm.

—The revival meeting in the Methodist church at Snow Shoe, which began a little more than two weeks ago, is increasing in interest and deepening in its effect on the community. The crowd at Sunday night's service, despite the threatening weather, was so large that the people could not be seated and some were standing in the vestibule of the church. Eight seekers were at the altar, seven of them new, making thirty-five, in all, and all of whom have professed conversion but three or four. There were several requests for prayer, and deep conviction manifested with many others. The members have been greatly revived, and the pastor, Rev. T. S. Faus, and his people, are greatly delighted and encouraged over the good work, which continues with such bright prospects.

Soldiers, and Soldiers' Sons, Remember it was Robert E. Pattison, The Democratic candidate for Governor, who Vetoed the bill to Appropriate money to bury the Honorably Discharged Soldier who is so unfortunate as to die poor.

—Thomas Noble, aged about 51 years, a former resident of Howard, Centre county, died Tuesday night at his home in Towanda. He is survived by a wife and two children, his father and two brothers.

Look out for a little Democratic rebellion in Penns Valley next week. The intelligent citizens of that portion of the county, who give the large majorities, are tired of being barted and traded in, by half a dozen of Bellefonte politicians.

—'Tisn't safe to be a day without Dr. Thomas' Eclectric Oil in the house. Never can tell what moment an accident is going to happen.

We would just state that Strohm did go to Milesburg, and Milesburg is all right, but we have not heard of Willie Kepler making peace with the citizens of Pleasant Gap.

It's folly to suffer from that horrible plague of the night, itching piles. Doan's Ointment cures, quickly and permanently. At any drug store, 50 cents.

Vote for Isaac B. Brown for Secretary of Internal Affairs.

—Can't be perfect health without pure blood. Burdock Blood Bitters makes pure blood. Tones and invigorates the whole system.

Vote for William W. Brown for Lieutenant Governor.

—Mrs. Fannie Smith wife of James Smith residing in Eagleville, died Monday morning and was buried Wednesday afternoon. Services were conducted by Rev. M. C. Frick of the Baptist church. Interment in the cemetery adjoining church.

Vote for *Pennypacker.*

"Why did she leave him?"

"Oh, he was so unreasonable. She wanted to frame her divorce decrees and hang them in the library, but he insisted that they were not artistic and wouldn't have them there."—Chicago Record-Herald.

Vote for H. H. Hewitt.

A Delicate Compliment.

To be able to compliment without seeming to flatter is a rare gift, and probably no race of men is endowed with that gift more extensively than the French.

An example of the Frenchman's rare tact in matters of this sort is shown in that sweet little story of a man who had ventured to compliment a white haired old lady upon her beauty.

"Ah," said she, "I fear you flatter me. You call me pretty? Why, I am an old woman, my hair is white, and see here is a wrinkle."

"A wrinkle?" he replied. "Never, madame; that is not a wrinkle. It is but a smile that has drifted from its moorings."

Vote for Isaac B. Brown.

ELECTION PROCLAMATION.

GOD SAVE THE COMMONWEALTH, I, CYRUS BRUNGART, High Sheriff of the County of Centre, Commonwealth of Pennsylvania, do hereby make known and give notice to the electors of the county aforesaid that an election will be held in the said county of Centre on the

FIRST TUESDAY OF NOVEMBER, 1902.

being the 4th of November A. D., 1902, for the purpose of electing the several persons hereinafter named to wit:

One person for Governor of Pennsylvania.
One person for Lieutenant Governor of Pennsylvania.
One person for Secretary of Internal Affairs Pennsylvania.
One person for Representative in Congress of the United States.
One person for Senator in the General Assembly of Pennsylvania.
Two persons for Representative in the General Assembly of Pennsylvania.
One person for Sheriff of Centre county.
One person for Treasurer of Centre county.
One person for Register of Centre county.
One person for Recorder of Centre county.
Two persons for Commissioners of Centre county.
Two persons for Auditors of Centre county.
One person for Coroner of Centre county.

I also hereby make known and give notice that the place of holding elections in the several wards, boroughs, districts and townships within the county of Centre is as follows:

For the North ward of the borough of Bellefonte at the Hook and Ladder Company's house on east Howard street in Bellefonte.

For the South ward of the borough of Bellefonte, at the Court House in Bellefonte.

For the West ward of the borough of Bellefonte, in the carriage shop of S. A. McQuistion, in Bellefonte.

For the First ward of the borough of Philipsburg, at the vacant store room of Dr. Thomas B. Potter.

For the Second ward of the borough of Philipsburg, at the Public building at the corner of North Centre and Presqueisle streets.

For the Third ward of the borough of Philipsburg, at the Hale estate school house northeast corner of Sixth and Presqueisle streets.

For the borough of Centre Hall, in a room at Runkles' hotel.

For the borough of Howard, at public school house in said borough.

For the borough of Millheim, in a room at the National hotel.

For the borough of Milesburg, in a new borough building on Market street.

For the borough of South Philipsburg, at the dwelling house of John Summers.

For the borough of Unionville, at the new school house in said borough.

For the borough of State College, in room on second floor of Holmes building.

For the township of Benner (North precinct) at the Knox school house.

For the township of Benner (South precinct) at Hoys school house.

For the township of Boggs (East precinct) at hall of Knights of Labor in the village of Curtins.

For the township of Boggs (West precinct) at the school house in Central City.

For the township of Boggs (North precinct) at the public school house known as Walker's school house.

For the township of Burnside, at the building owned by Wm. Watson.

For the township of College, at the school house in the village of Lemont.

For the township of Curtin, at the school house near Robert Mann's.

For the township of Ferguson (East precinct) at the Public House of J. A. Decker, in Pine Grove Mills. (now R. R. Randolph.)

For the township of Ferguson (West precinct) Baileyville Hall, in the village of Baileyville.

For the township of Gregg (East precinct) in room of house occupied by Andrew Zettle, at Penn Hall.

For the township of Gregg (West precinct) in a room at David Rhule's (now Geo. C. King's hotel.)

For the township of Gregg (North precinct) at Murray's school house.

For the township of Haines (East precinct) at the public school house at Woodward.

For the township of Haines (West precinct) at the public house or hotel at Aaronsburg.

For Half Moon township, at the Grand Army Post Hall, in the village at Stormstown.

For the township of Harris, at the Town Hall in the public school house in the village of Boalsburg.

For the township of Howard, at the office of Howard Creamery Company.

For the township of Huston, 2nd floor of the building owned by J. C. Nason, Julian.

For the township of Liberty, at the school house in Eagleville.

For the township of Marion, at the shop of Samuel Aley in the village of Jacksonville.

For the township of Miles (East precinct) at the dwelling house of Jasper Wolf, at Wolfs Store.

For the township of Miles (Middle precinct) at the hall known as Harter's hall in Rebersburg.

For the township of Miles (West precinct) in the empty store room of Elias Miller, at Madisonburg.

For the township of Patton, at the house of Peter Murray.

For the township of Penn, at the house formerly owned by Luther Guisewhite, at Coburn.

For the township of Potter (North precinct) at the Old Fort hotel.

For the township of Potter (South precinct) at the hotel in the village of Potters Mills.

For the township of Potter (West precinct) at the store of George Meese at Colyer.

For the township of Rush (North precinct) at the school house at Cold Stream.

For the township of Rush (South precinct) at the public school house at the village of Powelton.

For the township of Snow Shoe (East precinct) in 2nd floor of Buddinger building, in the village of Snow Shoe over Barber shop.

For the township of Snow Shoe, (West precinct) at the house of Mrs. L. B. Davis, (now Alonzo Grove) Moshannon.

For the township of Spring (West precinct) at the office of the Nail Works.

For the township of Spring (North precinct) in the office of the Empire Iron Co., lessees of the Valentine Iron Works, (now Nittany Iron Co.)

For the township of Spring (South precinct) at the public house of Gotlieb Haag, in the village of Pleasant Gap, (now John Mulfinger.)

For the township of Taylor, at the house erected for that purpose on the property of Leonard Merryman.

For the township of Union, at the township public building.

For the township of Walker (West precinct) in the dwelling house of John Royer in the village of Zion.

For the township of Walker (Middle precinct) at the Grange Hall in the village of Hublersburg.

For the township of Walker (East precinct) in Robb's hotel, now Frank Emerick in the village of Nittany.

For the township of Worth, at the Hall of the Knights of the Golden Eagle, at Port Matilda.

The following is the official list of nominations made by the several parties, and as their names will appear upon the tickets to be voted for on the 4th day of November, 1902, at the different voting places in Centre county as certified to, respectively by the Secretary of the Commonwealth and the Commissioners of Centre county, to wit:

NOTICE IS HEREBY GIVEN, That every person excepting Justices of the Peace, who shall hold any office or appointment of profit or trust under the Government of the United States, or of this State, or of any city or incorporated district, whether a commissioned officer or otherwise, a subordinate officer or agent who is or shall be employed under the Legislature, Executive or Judiciary Department of this State, or United States, or of any city or incorporated district, and also every member of Congress and of the State Legislature, and of the select or common council of any city or Commissioners of any incorporated district is by law, incapable of holding or exercising at the same time the office or appointment of Judge, Inspector or clerk of any election of the Commonwealth and that no inspector, judge or other officer of any such election shall be eligible to any office to be then voted for, except that of an election officer.

Under the law of this Commonwealth for holding elections, the polls shall be open at 7 o'clock a. m. and close at 7 o'clock p. m.

Given under my hand and seal at my office in Bellefonte, this 18th day of October in the year of our Lord, nineteen hundred and two, in the one hundred and twenty sixth year of the Independence of the United States.

CYRUS BRUNGART,
Sheriff of Centre County.

Real Estate Transfers.

The following real estate transfers were recorded during the past week by Recorder N. E. Robb.

Mary A. Kreamer to C. S. Weakly, October 24, 1902, lot in Milesburg, for $75.

David Lupton et ux to Charles Lupton, June 9, 1902, tract of land in Rush twp; for $250.

Mary M. Dale et baron to Leonard Rhone et al, Oct. 25, 1902, property in Potter twp; for $5.00.

Thomas Butler to W. H. Long, Sept 13, 1902, lot in Howard twp; for $25.

Emanuel H. Zeigler et ux to William F. Zeigler et al, May 1, 1902, 140 acres 125 perches in Haines twp; for $10,000.

The Matrimonial Market.

The following marriage licenses were issued during the past week by Register A. G. Archey:

Harry Boyer	Bellefonte
Annie Dorman	"
John W. Keister	Aaronsburg
Lizzie S. Benner	Fiedler
Edward D. Vaudling	Philipsburg
May M. Sansman	"
Joseph Bozash	Clarence
Barbara Borane	Gillentown
Geo. W. Hamer	Philipsburg
Minnie Pearl Walk	"

A FATAL MISTAKE

Is Often Made by the Wisest of Bellefonte *People.*

Its a fatal mistake to neglect backache.
Backache is the first symptom of kidney ills.
Serious complications follow.
Doan's Kidney Pills cure them promptly.
Don't delay until too late.
Until it becomes Diabetes—Bright's disease.
Read what a Bellefonte citizen says:

Mrs. L. A. Miles, of High street says: "I was very much troubled with my back and with rheumatism. This latter affected my heart and besides I had neuralgia. My rest was very much broken from nervousness and the kidney secretions embarrassed me when my back was aching badly. I was told about Doan's Kidney Pills by a woman who came 17 miles to get them and she appeared surprised that I was not acquainted with their merits. I immediately went to the Bush Block drug Store and got them. Well, they did any amount of good. I was astonished at the result of their use for the pain and lameness soon left me. They also banished the tired feeling I had mornings. I can conscientiously recommend Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster—Milburn Co., Buffalo, N. Y. sole agents for the United States.

Remember the name—Doan's—and take no substitute

Vote for Dresser and the full dinner pail.

COURT PROCLAMATION—Whereas the Honorable J. G. Love, President Judge of the Court of Common Pleas of the 49th Judicial District, consisting of the county of Centre, having issued his precept, bearing date of the 27th, day of Oct., 1902, to me directed for holding a Court of Oyer and Terminer and General Jail Delivery and Quarter Sessions of the Peace in Bellefonte, for the County of Centre and to commence on the 4th Monday of November, being the 24th day of Nov., 1902, and to continue two weeks. Notice is hereby given to the coroner, justice of the peace, aldermen and constables of said County of Centre, that they be then and there in their proper persons, at 10 o'clock in the forenoon of the 25th, with their records, inquisitions, examinations, and their own remembrances to do those things which to their office appertains to be done, and those who are bound in recognizances to prosecute against the prisoners that are or shall be in the jail of Centre county be then and there to prosecute against them as shall be just.

Given under my hand, at Bellefonte, the 27th day of Oct, in the year of our Lord 1902, and the one hundred and twenty-sixth year of the Independence of the United States. CYRUS BRUNGART, Sheriff.

AMENDMENT TO THE CONSTITUTION PROPOSED TO THE CITIZENS OF THIS COMMONWEALTH FOR THEIR APPROVAL OR REJECTION BY THE GENERAL ASSEMBLY OF THE COMMONWEALTH OF PENNSYLVANIA PUBLISHED BY ORDER OF THE SECRETARY OF THE COMMONWEALTH, IN PURSUANCE OF ARTICLE XVIII OF THE CONSTITUTION.

A JOINT RESOLUTION

Proposing an amendment to section ten of article one of the Constitution, so that a discharge of a jury for failure to agree or other necessary cause shall not work an acquittal.

Section 1. Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That the following be proposed as an amendment to the Constitution; that is to say, that section ten of article one, which reads as follows:

"No person shall, for any indictable offense be proceeded against criminally by information, except in cases arising in the land or naval forces, or in the militia, when in actual service, in time of war or public danger, or by leave of the court for oppression or misdemeanor in office. No person shall, for the same offense, be twice put in jeopardy of life or limb; nor shall private property be taken or applied to public use, without authority of law and without just compensation being first made or secured." be amended so as to read as follows:

No person shall, for any indictable offense, be proceeded against criminally by information except in cases arising in the land or naval forces, or in the militia, when in actual service in time of war or public danger, or by leave of the court for oppression or misdemeanor in office. No person shall, for the same offense, be twice put in jeopardy of life or limb; *but a discharge of the jury for failure to agree, or other necessary cause, shall not work an acquittal.* Nor shall private property be taken or applied to public use, without authority of law and without just compensation being first made or secured.

A true copy of the Joint Resolution.

W. W. GRIEST,
Secretary of the Commonwealth.

AMENDMENT TO THE CONSTITUTION PROPOSED TO THE CITIZENS OF THIS COMMONWEALTH FOR THEIR APPROVAL OR REJECTION BY THE GENERAL ASSEMBLY OF THE COMMONWEALTH OF PENNSYLVANIA, PUBLISHED BY ORDER OF THE SECRETARY OF THE COMMONWEALTH, IN PURSUANCE OF ARTICLE XVIII OF THE CONSTITUTION.

A JOINT RESOLUTION

proposing an amendment to the Constitution of the Commonwealth.

Section 1. Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, that the following is proposed as an amendment to the Constitution of the Commonwealth of Pennsylvania, in accordance with the provisions of the eighteenth article thereof:

Amendment.

Add at the end of section seven, article three the following words: "Unless before it shall be introduced in the General Assembly such proposed special or local law shall have been first submitted to a popular vote, at a general or special election in the locality or localities to be affected by its operation, under an order of the court of common pleas of the respective county after hearing and application granted, and shall have been approved by a majority of the voters at such election; Provided, That no such election shall be held until the decree of court authorizing the same shall have been advertised for at least thirty (30) days in the locality or localities affected, in such manner as the court may direct.

A true copy of the Joint Resolution.

W. W. GRIEST,
Secretary of the Commonwealth.

Legal Notices.

DISSOLUTION NOTICE.—Notice is hereby given that the Edison Electrical Illuminating Company of Bellefonte, a corporation created under the laws of the State of Pennsylvania and having its principal office at Bellefonte, County of Centre and State of Pennsylvania, will, on Monday, the 5th day of January, 1903, present to the Court of Common Pleas of Centre County its petition praying for a decree that the said corporation, to wit: The Edison Electrical Illuminating Company of Bellefonte, be dissolved and that all and singular its powers, franchises, privileges be extinguished and determined.

ORVIS, BOWER & ORVIS,
Oct 24-w2m Solicitors.

Laid to Rest.

Wednesday afternoon at 1 o'clock the funeral of the late Curtin P, Stonerode took place from his home in Milesburg. The services were in charge of Gregg Post, No. 95 G. A. R., of which deceased was a member and there was a large attendance of sorrowing comrades, friends and neighbors of the departed one, who assembled to pay a last tribute of respect to this gray haired veteran of the civil war.

The services were conducted by Rev. Walter F. Carson, of the Presbyterian church, assisted by Rev. Wharton, of the Methodist church, both ministers being from Milesburg.

The pall-bearers were three members of the Veteran Legion and three from Gregg Post, namely, W. H. Musser, S. B. Miller, H. B. Pontius, Charles Smith, Frank Wallace and Emanuel Noll.

The interment was made in the Union cemetery at this place.

The Races at Huntingdon.

Quite a number of Bellefonte people attended the races at Huntingdon last week. Wednesday's races were exciting from start to finish. Irv Gray's "Sallie Derby" won the 2:18 race. The summaries were as follows:

2.40 Class—Purse, $200

Hartford	1	2	1	1
Fred Wilkes	3	1	2	4
Mabel Beck	2	3	5	5
Louise S	4	6	4	2
Charles G	5	4	3	2
Teddy	6	5	dr.	

Time—2.26¼, 2.25¼, 2.27¼, 2.29½.

2:18 Class—Purse $200.

Sallie Derby	2	3	1	1	1
Blizzard	1	2	3	2	2
Rockport	4	1	2	4	3
Glencoe	3	5	4	3	4
Thomas W	5	4	5	5	5
Theron Powers	6	dis.			

Time—2.21¼ 2.20¼ 2.20¼ 2.23¼ 2.21¼.

Bellefonte Hospital.

It has been but a few weeks since the Bellefonte Hospital was opened for the treatment of patients. Since that time twelve patients have been received, six of whom have been discharged as cured, and one will leave within the next two or three days.

If any one has heretofore doubted the expediency of establishing an institution of this kind in our community that doubt now will surely be dispelled.

All patients, whether those who occupy private rooms, or the public ward, have the benefit of the best medical and surgical skill in Bellefonte, and in addition, the attention given by the most competent trained nurses, is as fine as in any Hospital in the country. The food for the patients is all prepared within the building, and is adapted to the need of each particular case.

The medical attendance in the public ward, is given by our physicians gratuitously, not one of them expecting or receiving anything for their time, or skill.

Some people may wonder how the management can meet expenses for there is more or less expense connected with it, for instance, the nurses are paid, and food provision and medicine must be provided. Part of this expense is arranged for, by private contributions, and part is received from patients occupying private wards, and any one in the public wards who are able, pay $7.00 per week which all goes into the common treasury.

There are many things that are still needed in the way of supplies, medicine and apparatus, which must be purchased. In order to secure means for this purpose it has been suggested that our citizens unite sometime during the winter, in holding a Fair and Bazaar, which should realize several hundred dollars, and we hope the matter will be taken up by those who are interested in this cause, and arrangements made to have the event as early as possible.

This is a matter in which every one should take an interest so let every one do what they can for this humane and benevolent cause.

A Hold-Up Frustrated.

A bold attempt to hold up a young woman at the Campbell street tunnel, Williamsport, was frustrated on Thursday night by two men who fortunately were within a short distance of the victim when she screamed for help.

The woman and her assailant were in a desperate struggle. With one arm around her body he held her in a vice-like grip, trying with his right hand to cover her mouth. Although fast losing strength, she fought with fury, screaming the while at the top of her voice.

As the two men hove in sight from Erie avenue the footpad released his victim and fled down the street and out of sight. The rescuers assisted the young woman to recover from her fright, and escorted her home. While most profuse in her thanks she declined to give her name.

Look for the Comet.

The comet, which can now be seen with the naked eye if you know its locality in space, is traveling along the milky way and between 7 and 8 p. m. may be found in a south-southwest direction from the zenith, not far from Altair, which is now the highest star in the southern section of the heavens. The appearance of the comet is like a small round milky looking spot. A more satisfactory view may be obtained with an opera glass.

Troops To Remain.

"The troops will be kept in the coal regions just as long as there is any necessity for it." said Governor Stone Friday night, when asked when the Pennsylvania National Guard will be recalled from the strike territory.

The governor said he could not fix any arbitrary date for the recall of the troops, and that the generals who are on the ground will be the best judges of when it may be safe to begin the movement of troops homeward. He also said that the troops will not all be recalled at the same time, but that the withdrawal will be gradual.

The governor began making preparations for the taking of the vote at the November election should the troops be kept in the strike region that long. At least some of the commands are likely to be in the field on election day, and the appointment of election commissioners will be necessary for some of the regiments.

Osceola Robber Captured.

For more than a year Osceola has been troubled with robberies, but finally one of the culprits at least has come to grief. Friday morning between the hours of 3 and 4 o'clock George Sweigart, chief of police, observed a light in the millinery store of Mrs. Mary Loomis. Investigation proved that a burglar was within. As quickly as possible he called Constable W. J. O'Brien to his assistance, and the burglar was soon captured. He proved to be Millard Spiece, aged 21 years, a resident of the town. A search of his home was afterwards made, and in his possession were found many things stolen from different places at various time during the past year. He was given a hearing, and in default of bail was commited to Clearfield jail.

W. C. T. U. Convention Ended.

Portland, Me., Oct. 25. — With the hymn, "God Be With You Till We Meet Again," and the benediction, the great convention of National Women's Christian Temperance Union came to an end Thursday night. The meeting place for next year has not been decided, but the belief is general that it will be in some city of the middle West. The convention began Friday, October 17, and every moment of the program's time was full of interest. Reports were made from every part of the field, and prominent workers for the cause were heard. The general sessions were held in the Jefferson Theatre, but all the churches threw wide open their doors for overflow and other meetings, of which there were a great number.

Moving House With Them.

Augustus Keller and family moved from Castanea township to Lock Haven, a distance of about a mile. The moving started on Thursday and arrived at Lock Haven the following Wednesday.

A scarcity of suitable houses, which confronted Mr. Keller when he wanted to locate, caused him to decide upon a novel plan. He would move house and all, and that is what is being done, although the operation involves moving the two-story frame dwelling up a hill, over two railroads and a bridge.

—The apple crop this year is estimated at 43,000,000 barrels—an excess of 16,000,000 barrels over the crop of 1901. There is an assurance of greater health and happiness in these figures. There is nothing that grows upon a tree better than an apple.

—Dyspepsia—bane of human existence. Burdock Blood Bitters cures it, promptly, permanently. Regulates and tones the stomach.

—It's a mistake to imagine that itching piles can't be cured; a mistake to suffer a day longer than you can help. Doan's Ointment brings instant relief and permanent cure. At any drug store, 50 cents.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Home of Swamp-Root.

Negro Claims Eclipse Brought Back His Voice.

Washington, October 24. — Howard Merriman, an aged negro, who is an employe of the treasury department, asserts that his voice was restored by the eclipse of the moon last Thursday night. Merriman's voice has been almost entirely gone for many months. It was with the utmost difficulty that he could make himself heard.

When he reported for duty at the department the next day the captain of the watch was astounded to hear the old man speak in a loud, clear voice. He declared that directly upon the passage of the eclipse he felt his voice changing. He did not know how it could have affected him, but he was convinced that the eclipse was the cause of the restoration of his voice. He then went to the office where he is employed and astonished the clerks by speaking to them in the same loud voice. In a short time the news of his recovery was spread throughout the building and for two days Merriman was busy answering inquiries and displaying his "new born voice," as the clerks call it.

Large Ballot Sheet.

Pennsylvania will have a nine column ballot, one of the largest ever known in the state, at the November election, and the clerks at the State Department were working to get the nominations certified to the various counties before the expiration of the period of preparation, which ended eighteen days before the election. Eight of the nine columns will be occupied by nominations and one will be left blank for the insertion of names.

The order of the nominations in which the parties will appear on the ballot will be Republican, Democratic, Prohibition, Socialist-Labor, Socialist, Citizens', Anti-Machine and Ballot Reform. This arrangement is based upon the votes polled by the parties and will be certified with the state and other nominations.

Sudden Death.

Mrs. Nancy Mann, wife of Robert Mann, of Curtin township, was found dead in bed on Tuesday morning. It was about 12 midnight on Monday when the family retired and as a consequence it was late on Tuesday morning when her son Robert arose, and it was necessary for him to pass through his mother's room on his way to the kitchen to make fire. He thought as he saw her lying with her hand under her head that she was sleeping, but afterwards when he went to wake her found that her spirit had taken its flight.

Funeral took place on Thursday, services being conducted by Rev. T. A. Long. Interment was made in Lucas cemetery.

Raising Tie Timber.

The Pennsylvania Railroad company has planted at Newton Hamilton, 83 miles west of Harrisburg, 15,000 locust trees as an experiment in growing tie timber. The trees were planted ten feet apart and are making, so far, a fine growth and acquiring suitable size for tie timber.

The newest railroad tie, made of Mora wood, comes from British Guina. The Pennsylvania Railroad Co. has placed an order, it is understood, for Mora wood sleepers to be used on that road. Mora wood is dark colored hardwood of great strength and durability, and is said to last 50 years.

Duped by a Swindler.

A swindler who has been taking advantage of the coal famine, has succeeded in duping a large number of York citizens out of their dollars. The swindler's plan was to make a house to house canvas, and take orders for a cord of wood for $2 which is $4 less than the present price. He would fill out contracts, have them signed, present a duplicate to the customer and collect $1 in advance. At least $75 was thus collected and the victims have nothing to show for their outlay but bits of worthless paper.

A Parson's Noble Act.

"I want all the world to know," writes Rev. C. J. Budlong, of Ashaway, R. I., "what a thoroughly good and reliable medicine I found in Electric Bitters. They cured me of jaundice and liver troubles that had caused me great suffering for many years. For a genuine, all-around cure they excel anything I ever saw." Electric Bitters are the surprise of all for their wonderful work in liver, kidney and stomach troubles. Don't fail to try them. Only 50 cts. Satisfaction is guaranteed by Green's Pharmacy.

—The town of Mahafley was visited by a disastrous fire on Tuesday afternoon which destroyed a whole block of dwellings and business places. Among the places burned were the general store and residence of T. H. Millard, Wm. Dunbar's blacksmith shop and residence, W. H. Newcomer's wagon-maker shop, Yeager's shooting gallery, Ross Luther's barber shop and a store of Mrs. E. Davis. The heat was intense and caused some damage to the large front in Lydrick's store opposite the fire.

For Over Sixty Years.

Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cure wind colic, and is the best remedy for diarrhoea. It will relieve the poor little sufferer immediately. Sold by all druggists in all parts of the world. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup" and take no other kind.

MUCH IN LITTLE.

Herring fishing yields handsome returns in Newfoundland.

It is not as cold in Newfoundland as in New Brunswick or Quebec.

During their migration thousands of birds die in the neighborhood of every lighthouse.

The keep of one dog costs as much as the keep of sixty hens, and sixty hens will lay 600 dozen eggs.

The cathedral at Gothenburg, "the Swedish Venice," which threatens to share the fate of the Campanile, is only a hundred years old. It burned down in 1721 and again in 1802.

Birmingham, England, has upward of 40,000 back-to-back houses and 6,000 courts, which are entered by tunnels from the streets, states the city's medical officer of health.

A Leipsic physician expresses the opinion that on account of their delicate sense of touch, blind persons are specially qualified for practicing massage. In Japan this is done very largely.

Several women in Texas are making a success of ranching. One of them is Mrs. Pauline Whitman, who owns a ranch of 200,000 acres in the panhandle. There she raises 15,000 cattle annually.

Thieves Get Money.

Burglars were in evidence in the northern part of Williamsport Thursday night. Entrance through a kitchen window was made at N. C. Stonesifer's home, 1314 Market street, and after ransacking the dining room the thieves stole $25 from the sideboard. The family heard a noise about midnight, probably made by the thieves, but did not investigate.

At the G. W. Doebler home, 1201 Market street, where the dog was evidently doped, a rear door was unlocked by a skeleton key and a half dozen silver knives and forks, a half dozen spoons, butter knife and sugar shell were confiscated.

Wednesday night at Athletic Park a lot of ammunition, the property of John D. Kelley, was carted away, the building that held it being broken open.

Successful Operation on a Babe for Appendicitis.

Lebanon, Pa., October 27.—Dr. A. B. Gloninger, of this city, has performed a remarkable operation for appendicitis on a 41-hour-old child of Jacob Killinger, a well known citizen of Mt. Nebo, this county, and it was a success. The appendix, which was gangrenous, was removed and the infant has recovered.

By a strange coincidence, on the same day Dr. Gloninger operated on Joseph Kelchner, at Palmyra, for appendicitis. He is upward of 70 years of age, and it is interesting to note the two extremes in the ages of the patients.

Threatened Venice.

What would Ruskin have said could he have seen the bold headline which has appeared in the Morning Post this week: "The Cracks of Venice?" asks a writer in the Court Journal. But it is only too true that Venice is a subsiding city, and one by one its great monumental buildings are giving evidences of the fact. Of all the world Italy seems the least affected concerning the fate of the city, and, although certain savants are marking the cracks as they appear, there is no one to the rescue with even a load of cement to stay the process of destruction.

It Heals the Lungs.

When suffering from a racking cough, take a dose of Foley's Honey and Tar. The soreness will be relieved and a warm, grateful feeling and healing of the parts effected will be experienced. Take no substitute, C. M. Parrish.

Lincoln's Signature Stolen.

The discovery has been made in the office of the clerk of Edgar county, Illinois, at Paris, that many signatures of Abraham Lincoln in court records have been cut from the books. The examination of the records for the purpose of making a new index disclosed the vandalism. Mr. Lincoln frequently practiced in the court of Paris during the first five years in 1850. It is believed to have been the work of men from the east who were dealers in Lincoln mementos.

The Oldest Wine in The United States.

Family wines that rival the world in excellence are from Speer's old Vineyards, Passaic, N. J. The Claret, Burgundy and Port are very old superior wines. The XXX Climax Brandy is unexcelled by any in the world.

—Before a burglar could tunnel into the money vault of the Philadelphia mint he would have to pierce a solid rock so full of veins of water that the smallest opening is immediately flooded. The gold vaults are of steel seven inches thick, and the silver is protected by one inch of steel.

Forty Years' Torture.

To be relieved from a torturing disease after 40 years' torture might well cause the gratitude of anyone. That is what DeWitt's Witch Hazel Salve did for C. Haney, Geneva, O. He says "DeWitt's Witch Hazel Salve cured me of piles after I had suffered 40 years." Cures cuts, burns wounds, skin diseases. Beware of counterfeits. Parrish's Drug Store.

BANNER SALVE, the most healing salve in the world.

10¢. 25¢.

CASTORIA.
Bears the Signature of Chas. H. Fletcher. The Kind You Have Always Bought

Kodol
Digests what you Eat

Dyspepsia Cure

People once thought that the only way to cure indigestion was to stop eating. The trouble with such treatment is, that to stop eating is to stop living. KODOL DYSPEPSIA CURE has changed the whole method of treating this complaint. It contains all the natural digestive fluids and digests all you eat without aid from the stomach, so you can eat all the good food you want and be cured of your trouble at the same time.

"I have been troubled with indigestion and dyspepsia for several years and often sat down to eat but had to give it up after eating only two bites. I used two bottles of KODOL DYSPEPSIA CURE and am alright to-day. Can now eat anything I want. W. L. Easton, Audubon, Iowa."

It can't help but do you good

Prepared by E. C. DeWitt & Co., Chicago. The $1. bottle contains 2½ times the 50c. size.

When you suffer from billiousness or constipation, use the famous little liver pills known as **DeWitt's Little EARLY RISERS.** They never gripe.

PARRISH'S DRUG STORE.

SNOW SHOE.

Beautiful weather in Snow Shoe.

The Lehigh Valley Coal Co., by hard work, will get their coke ovens in shape to produce coke within a month.

Judge John G. Love headed a party of Bellefonte hunters who made a record by taking with them a fine string of birds. The Judge is a good shot.

Yardmaster Grant Kissling brought to Snow Shoe a heavy string of birds of the forest, his gatheringbeing the finest of the season. Grant has an unerring aim.

A wild turkey supper given by Snow Shoe's popular host, Lawrence Redding, was one of the many feasts at the Mountain House for the wild game season.

One of the grandest sights at this season of the year is the scenery along the famous route and switchbacks of the Snow Shoe railroad, and no one knows this better than our obliging passenger conductor, W. F. Minary, who had as his guests for a day's outing recently Misses Myrtle Wilson and Elsie Barr, of Tyrone.

—Stephen Maxwell, said to be the oldest railroad engineer in this country, celebrated his 91st birthday recently by taking a trip on a modern locomotive near his home, Beaver Meadows, Pa. He began work in 1830 on the Beaver Meadows Railroad, one of the first built in America. For fifty years he worked for the Lehigh railroad, which now pays him a pension.

Foley's Kidney Cure.

Is a pure medicine, and containe in concentrated form, remedies recognized by the most skilful of the medical profession as the most effective agents for the cure of kidney and bladder diseases. C. M. Parrish.

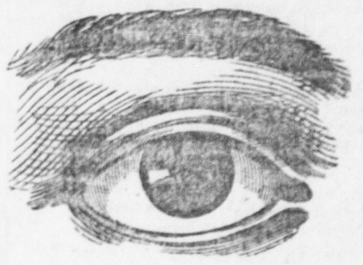
PROF. J. ANGEL
AN EXPERT



Eye Specialist!

of Williamsport, will make his monthly visit here

TWO DAYS ONLY
Tuesday and Wednesday.

Nov. 11 & 12,

from 9 a. m. to 9 p. m., with headquarters in

THE LARIMER BLDG.
Opposite Court House
Bellefonte, Pa.

I can examine your eyes at your home, by appointment, without extra charge.

Hundreds are going blind daily, from the need of the proper prescribed glasses and from delaying attention to the eyes from time to time. Nothing will destroy your eyesight quicker than cheap glasses or glasses not properly fitted to your eyes.

Prof. Angel, in the short time he has been visiting this section, has met with marked success. Scores of leading citizens of this community have found relief from his treatment. It is not necessary to travel to Eastern cities for treatment when you can consult an eminent oculist at home.

At State College,
THURSDAY, NOVEMBER 13, 1902.
FROM 8 A. M. TO 5 P. M.

Additional Locals.

A Saturday Night Escapade.

Three or four of the students of State College, determined to have a lark last Saturday night, broke into a building belonging to the Bellefonte Central R. R. and taking the hand car started for Bellefonte. The agent at Waddles hearing them pass, telephoned to the officials here who secured the service of Detective Rightnour and intercepted them at Coleville. He succeeded in arresting one young man by the name of P. L. Boss and brought him to town and Justice Keichline placed him under $500. bail for his appearance at the next term of Court, the other young men succeeded in eluding the officer and up to this time have not been apprehended.

This may appear to be sport, but it is a very serious matter, and although the Railroad authorities may be disposed to deal leniently with the offenders, the public will demand some action, that will prevent a repetition of such an occurrence.

We have the greatest sympathy for the offenders because they surely did not realize what they were doing, nor the consequences that might have ensued from their transgression of the law.

It was a dark night, and there was no lantern or light on the car to show its approach at the various roads crossing the track, neither did they know whether a locomotive was running on the road or not, and if an accident had occurred; causing loss of life, injury to any person, or destruction of property, the penalty would have been most severe.

If the young men of State College wish to work off some of the exuberance of spirit they possess, let them do so in a rational and reasonable manner, but if they attempt to defy, and violate the law they must abide the consequences.

We know there is not one student in that institution who wishes to bring the College into disrepute, but by such thoughtlessness are doing it an incalculable injury.

Dr. Atherton and the able faculty have brought it up to the enviable position it occupies among the educational institutions of the State, and much depends on the students, whether it shall maintain its present high standing.

An affair like that of Saturday night will have great influence with the Governor and Legislature, when it comes to a question of voting an appropriation next winter.

Now, boys, in all kindness, we ask you to desist from that which will not only effect your good name, but the future prospects of the College, that we as citizens are so proud of, and which we believe in your hearts you love.

Give Us More Steam Heat.

We hardly think the Steam Heat Co. realize the discomfort of their patrons caused by the supply of steam being turned off the greater portion of the day. It appears that the temperature of our houses is to be regulated by the men who are working at the plant, that as soon as they think it is warm enough the steam is turned off, and when they are asked to turn it on they reply that they are saving coal on account of the price being high.

It is all right as far as they are concerned, but when they present their bill and you say you can only pay part of it because you are scarce of money they will not accept that as a reason for not keeping their part of the contract. They will expect and make you pay the whole amount, even though they have failed to furnish one quarter of the heat you are charged with. We have been requested by more than a score of our subscribers to call the attention of the company to the matter, and ask them to see that patrons are supplied with enough steam to produce comfort and prevent sickness.

Death of Wm. Eckley.

William Eckley a former resident of Bellefonte was found dead in bed Sunday morning at the home of his daughter Mrs. Renshaw of Philadelphia with whom he made his home. Death was due to heart failure and the infirmities of old age. The deceased was 80 years old the 27 of last July, and is survived by three daughters, Mrs. Radcliffe, Mrs. Renshaw and Mrs. Anna Dawson, all of Philadelphia.

The remains will be brought to Bellefonte Wednesday morning via Montandon and taken to the residence of Mrs. William Dawson, on the corner of Spring and Bishop Streets from where the funeral will take place Wednesday afternoon at 2 o'clock. Rev. W. P. Shriner officiating. Interment in the Union Cemetery.

UNCLAIMED LETTER LIST.

The following letters remain in the Bellefonte Post Office uncalled for Oct. 27, 1902:

James Briggs, John F. Cooper, Margaret Farrell, Miss H. E. Green, John Hoey, Carrie Leonard, Jennie Taylor, Mr. and Mrs. Mitchell, W. H. Mitchell, Edna Mitchell, Garrett Mitchell, Earl G. Scoville, Wm. Shutt, E. J. Stevens.

FOREIGN LETTERS.

Tadasala Nicola, Maksimowicz Pawet.

When called for please say advertised.

W. W. MONTGOMERY, P. M.

The Democratic Mass Meeting.

Our town presented an animated appearance Thursday night owing to the large crowd of people who were here to attend the Democratic Rally.

The music by the three bands on the diamond caused a large number of people to congregate at that point. At eight o'clock the Court House bell announced the time of meeting to be at hand, and the room was soon filled.

The meeting was called to order by J. C. Meyer Esq., and Hon. Fred Kurtz was elected permanent chairman. He made a short address after which he introduced the speakers of the evening, who made strong appeals to the Democrats to support their ticket, insuring victory if they would do so.

The meeting closed about 10 o'clock when the special trains to Pine Grove Mills and Cintondale carried away those who were here from a distance.

Unlady-like Conduct.

The State College Times issues the following warning to young women (rowdies) who go to that town to indulge in a sort of a spree. The worst of it is, they are said to have come from Bellefonte. We hope that in the future when any of our girls go away they will act like ladies and not disgrace the fair fame of our town by conduct unbecoming ladies of the first class, Here is the warning:

"On last Sabbath afternoon three Bellefonte young ladies (?) drove to our town and remained until late at night, and they carried on in a very unladylike manner, and if it is repeated we will publish their names."

Left for Porto Rico.

The home of Frank Bowersox, of Rock Springs, last week was the scene of a jolly gathering in honor of his son, Elmer Bowersox, who left Thursday morning for the Pacific coast. Elmer will again return to Porto Rico, and intends going into the pork business. He has taken with him six shoats for breeding and he expects to be doing an extensive business in the course of a few years. This shows the spirit of the industrious young Americans and we hope that Mr. Bowersox's venture may meet with success.

Word From Frank Koch.

The people of this section of the county, no doubt, will be glad to learn of the whereabouts of Frank Koch, one of Fair Brook's young men, who for the past two years has been in the U. S, service in the Philippines. Word has been received by his father that Frank has returned from the Philippines, landing at San Francisco last May. The letter also states that he has re-inlisted in Company I. 22nd Infantry of the Regular army and is located at Fort Cook, Nebraska

—A new system of tests and examinations has been introduced at the Academy this fall which meets with great favor among the students and promises the best possible results in their scholarship. The system places a premium on the most faithful and thorough study each day and thereby precludes the necessity of cramming for examinations. It further frees the pupil of nervous and worrying temperament from the trying ordeal of rigid semi-annual examinations. Whatever system promotes the most thorough daily study produces the highest type of scholarship and the Academy faculty think that they have developed that desirable system. The system is this every four or five weeks a thorough test is given in every study upon the amount of work done in that time and all students who make an average term and test grade of 90 are exempt from the semi-annual examinations. One test has already been given and the result shows that the new system is inciting the boys and girls generally to the very best effort possible. We congratulate the Academy on its successful work.

—Joel Kerstetter is the champion pumpkin grower in Centre county so far as heard from. On his farm near Centre Hall station, without any special cultivation whatever, he grew eight stalks that developed twenty-four pumpkins, the average weight of which was fifty pounds, the largest of which weighed eighty-five pounds, and two others balanced the scales at sixty-five and one-half pounds, respectively.

—E. C. Dietz of Howard died at his residence in that place on Thursday afternoon after a brief illness aged 37 years. Mr. Dietz was one of Howard's most respected citizens and business men, he was a member of the Methodist church, and lived consistently with his professions. The deceased is survived by his wife, four children and aged mother. The funeral took place on Sunday morning.

—Prof. Collie of Beloit, Wis., who spent the greater part of September geologising in Bellefonte and vicinity has been working up at Yale University the fosils he collected here in the lime stone veins. He has had the good fortune to discover some entirely new specimens which he will have the privilege of naming and will add them to the Peabody Museum at New Haven, which is the largest collection of fosils in the world.

—Harry McCoy, who has been confined to his home on Thomas street with Typhoid fever for the past month, is gradually improving, and it is hoped will soon be able to be around again.

PERSONALS.

Mrs. D. C. Stine, of Tyrone, is visiting friends in town.

Mr. and Mrs. George L. Goodhart, of Centre Hall, were Bellefonte visitors Thursday.

Mr. and Mrs. L. A. Schaeffer have gone to Scranton for a short visit with friends at that place.

Mrs. A. J. Poole returned Friday morning to her home in Pittsburg after an enjoyable visit with friends in Bellefonte.

Col. W. Fred Reynolds, arrived home Friday morning from Philadelphia where he attended the Missionary council of the Episcopal church.

Miss Margery Knowles, who has been a guest for the past week at the home of Mr. and Mrs. J. M. Dale left Thursday evening for her home in Richmond, Virginia.

Mrs. John Nolan and interesting little son Gerald, returned on Friday to her home in Tyrone after a pleasant visit at the home of her parents Mr. and Mrs. Thomas Shaughnessy, Sr.

Mr. G. S. Yost of Wilkesbarre spent a few hours in town Thursday evening, being on his way to Snow Shoe, in the interests of the Lehigh Coal Company which corporation has extensive mines at that place. Mr. Yost is in the service of that Company as mechanical engineer.

Mr. J. F. Marstellar, who at one time occupied the position of superintendent of the Lehigh Coal Company at Snow Shoe, was in town Thursday on business. Mr. Marstellar now resides at Friedensville, Lehigh county, where he has purchase a very handsome and valuable home.

—Gen. Torrance, the retiring commanded-in-chief of the G. A. R., made a statement in his address to that body which deserves the thoughtful consideration of every editor. He said, an insult to the President is equally an insult to the American people and added, "We have never had a President who deserved to be caricatured and we never will have one that a self respecting press or people can afford to hold up to public ridicule."

—D. P. Thompson of Howard lost a valuable 2½-year-old colt last week. It was in the field known as the Hall place where there is an old well 20 or more feet deep. This was covered with several thicknesses of boards which had apparently rotted and when the colt stepped upon them it broke through and fell backwards to the bottom of the well. The colt was dead when found and how long it had been there is not known.

—A notice has been sent out by the Pennsylvania railroad that cars laden with soft coal would no longer be subject to reconsignment. This rule is intended to head off speculators, who have been offering individual operators large prices to break their contracts and to ask the railroad company to stop coal on its way east and reship it to those willing to pay the prices asked by the speculators.

—Miss Sarah V. Watson has sent out invitations for the marriage of her niece, Mary Watson Shantz, and Mr. William Sanderson Furst on Thursday evening, Nov. 6th, at 8 o'clock. The wedding is to take place in the First Presbyterian church in Williamsport and inclosed with the invitations are at home cards after Jan. 1st, Lancaster avenue and city line, Overbrook, Philadelphia.

—The boundary lines of Pugh street, State College, were settled by arbitrators. The board of arbitrators selected was David Salmon, of Lock Haven; S. B. Beyer, of Tyrone and F. W. Archey, Pennsylvania Furnace.

—It has been established by experiment that wood covered with a fire-proof paint resists fire quite as well as wood in which the whole mass of the timber has been impregnated with a fire-proofing solution.

BONE FOOD

Soft and crooked bones mean bad feeding. Call the disease rickets if you want to. The growing child must eat the right food for growth. Bones must have bone food, blood must have blood food and so on through the list.

Scott's Emulsion is the right treatment for soft bones in children. Little doses every day give the stiffness and shape that healthy bones should have.

Bow legs become straighter, loose joints grow stronger and firmness comes to the soft heads.

Wrong food caused the trouble. Right food will cure it.

In thousands of cases Scott's Emulsion has proven to be the right food for soft bones in childhood.

Send for free sample.

THE MILKY WAY.

A System Which Gives Us a Vague Idea of the Eternity of Space.

The Milky Way, the grandest feature of the "firmament which bends above us," the hazy path which so majestically bands the whole fabric of the skies together, is now known to be composed of a grand aggregation of at least 18,000,000 suns, each as large as or larger than that which makes vegetable and animal life an earthly possibility. One is apt when allowing the mind to revert to the contemplation of these misty and indistinct astronomical subjects to measure their magnitude or attempt to measure it by making terrestrial comparisons.

It is obvious, however, upon more mature reflection that such comparisons are worse than "odious." The bulk of our sun exceeds that of the earth 1,200,000 times, being 600 times greater than that of the bulk of his whole train of planets taken collectively. This being the case, what basis can we use for calculating the magnitude of 18,000,000 suns, each, as I have said before, probably larger than that which gives us heat and light?

The infinite number of suns which, taken together, make up the Milky Way are not set at a uniform distance from our earth or even from our sun. In fact, they appear to work altogether independently of either this mundane sphere or our "glorious orb of day." The majority of them are planted at a distance too remote to be even imperfectly measured or understood. Some of them are so near (?) that light, which travels at the rate of 185,000 miles per second, would cross the distance between us and them in the period of about an even ten years. Others, however, are so remote that it would take a full thousand years for their light to reach us.

Moses and His Horns.

Did Moses have horns? Certainly not, but if you have ever had the pleasure of examining a copy of Michael Angelo's great picture of "The Lawgiver" you have wondered why the great painter surmounted the patriarchal face, gray beard and becoming priestly gown with a pair of horns much resembling those of a two-year-old animal of the bovine tribe. The reason is this: Jerome's Bible, the Latin Vulgate, tells that when Moses came down from the mountain top his face was "radiant" (rayed) with the great light shining from his pure soul. In the Greek Septuagint the translation said it was "cornua," meaning "radiant." Jerome used this later version in making his Latin Vulgate and translated "cornua" as "cornuta," the last meaning horned. Angelo made his picture accordingly.

Soil Is a Living Organism.

Formerly the soil was regarded as mineral matter, simply decayed rock mixed with dead organic matter, says an exchange. Now we know that the soil is a living organism whose life is as important as that of the animal or the plant itself. If the soil be killed, it is absolutely sterile. In other words, if the life of organisms which make soil fertile are destroyed the soil is incapable of producing a crop. Plants, as a rule, eat only mineral food, such as phosphoric acid, potash and nitric acid, but animals usually eat only organic foods, such as fats, sugars and protein matter.

His Case Not So Bad After All.

"Ah, it's a sad old world," sighed the man who had been cheated out of $20.

"Yes," assented his neighbor. "One of my horses got his head fast in the hayrack last night and broke his neck. I was offered $200 for him less than a month ago."

"Pshaw! That's too bad. Looks as though it was going to brighten up, doesn't it?' And he went on his way whistling cheerfully.—Chicago Record-Herald.

His Revenge.

M. Colombies, a merchant of Paris, had his revenge on a former sweetheart, a lady of Rouen, when he left her by will a legacy of $6,000 for having some twenty years before refused to marry him, "through which," states the will, "I was enabled to live independently and happily as a bachelor."

Strangers Now.

"You ought to see the lovely letters my husband writes," said the bride of a month to one of her girl friends.

"Oh, I've seen a few," rejoined the dear girl friend. "In fact, I've got nearly a trunkful of them in the attic."—Exchange.

Act! In action there is wisdom and glory and happiness. Action rouses hope, and hope rouses action.—Freedom.

Accounted For.

Dime Museum Manager—What is that peculiar smell?

The Living Skeleton—The rubber skin burned his finger lighting a cigarette.—Judge.

We ought to avoid the friendship of the bad and the enmity of the good.—Epictetus.

Ambitious Youth.

Papa—And when you grow up would you like to be a captain of industry?

Johnny—Naw! I'd rudder be captain of de baseball team.—New York Herald.

The white poplar can be used as a natural lightning rod.

Liked the Old Way Best.

"Bridget," asked Mrs. De Leon, "can you cook on scientific principles?"

"Sure, ma'am; what's the matter with cookin' on a range?" asked sensible Bridget.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

A Remarkable News "Beat."

"The Press" on Oct. 14 was the only Philadelphia paper giving, in its early editions, the result of the conference between President Roosevelt and J. Pierpont Morgan that practically settled the coal strike. The agreement of the coal mine operators to arbitrate their differences with the miners was news of national importance. "The Press" being the only newspaper to give the public this news in the wide territory covered by its first editions, made a notable addition to its many similar achievements in the past. "The Press" at the popular price of one cent daily places its vast and complete news service within the reach of all.

—The Democrats will hold a mass meeting in the Court House to-night which will be addressed by Hon. W. Rush Gillan, of Chambersburg, and Hon. James A. Stranahan, of Harrisburg. Special trains will be run on the Bellefonte Central and the Central R. R. of Pa. As a great many ladies have expressed a desire to be present at the Court House tonight to hear the speeches delivered at the mass meeting, we are requested to state that a portion of the building will be reserved for them, and all ladies are respectfully invited so attend.

—Robert T. Stover and Miss Bessie I. Musser were married Wednesday morning at the home of the bride's parents, Mr. and Mrs. J. W. Musser, on Main street. The ceremony was performed by Rev. T. W. Haven, pastor of the M. E. church. Only a few immediate friends of the family were present. The bride is a popular young lady of this place and for a number of years has been employed in the Bell telephone exchange. The groom is a rising young business man and conducts a jewelry store on Main street. The bride and groom left on the morning train for Pittsburg. We wish the young couple a happy married life.—Millheim Journal.

Fortune for a Sunbury Girl.

Miss Eva Martin, a Chicago nurse, who has fallen heir to $50,000, the gift of some grateful but unknown friend in St. Louis, and for whom Chicago detectives are searching, has been located in Ashland, Ohio. She has been a nurse since last June. Miss Martin is a charming brunette. She is a native of Sunbury.

It is exasperating to one who knows Foley's Honey and Tar, and knows what it will do, to have a dealer recommend something else as "just the same" or "just as good" for colds, coughs, croup, la grippe, etc. C. M. Parrish.

A Card.

The manufacturers of Banner Salve have authorized the undersigned to guarantee it for burns, cuts, sores, ulcers, tetter, eczema and all skin diseases. You have your money back if it doesn't do all it claims. C. M. Parrish.

Look Out For Fever.

Billiousness and liver disorders at this season may be prevented by cleansing the system with De Witt's Little Early Risers. These famous little pills do not gripe. They move the bowel gently, but copiously, and by reason of the tonic properties, give tone and strength to the glands. Parrish's Drug Store.

Opening New Coal Mines.

The Philipsburg Journal says the Bloomington Coal Company and the Beech Creek Coal and Coke Company are each opening new coal operations on the Lumadue and Thomas Kyler lands, within one mile of Kylertown. This will necessitate the New York Central Railroad Company extending its line from Winburne to these new operations, and as the grade on through to Kylertown is so favorable, the citizens are talking of petitioning the railroad company to continue the line on to their town so that a passenger train could be run from Philipsburg to that place. The train now running between Philipsburg and Munson could continue its run to Kylertown, and would prove not only a matter of convenience and profit to both places, but would no doubt pay the company.

Sick Mother, Burning Child.

Tuesday, in Williamsport, 13 year old Hazel Steel was blowing a low wood fire, when her clothing was ignited. With flames leaping over her she ran into the yard and thence back into the house, where she rolled in agony on the floor. Her mother, who was sick in bed, feebly rushed to the child's rescue. She threw a robe from the couch and extinguished the flames. The child was so badly burned that it is feared she will not recover. The mother was also burned.

Reception to Patton.

Hon. A. E. Patton, of Curwensville, Republican candidate for State Senator from this district, was in town Wednesday evening and was tendered a reception at the Republican headquarters on Allegheny street. A large number of citizens called on Mr. Patton during the evening and paid their respects to him. Short speeches were made by Mr. Patton and others and the Zion band gave a concert in front of the club room.

—The Baptist church in Eagleville will be rededicated next Sunday with special services in the morning and afternoon. The new entrance and the tower have been completed, the interior of the church repainted and repapered, a new dark red carpet placed on the floor and chairs, upholstered in red, arranged in a quarter circle. The pulpit is placed in the right hand corner. The improvements are largely due to the efforts of the pastor, Rev. George S. West, who himself took a hand in the labor and worked side by side with the carpenters, painters and paper hangers.

REDUCED RATES TO NEW ORLEANS

Via Pennsylvania Railroad, Account Meeting American Bankers' Association.

On account of the meeting of the American Bankers' Association, at New Orleans, La., November 11 to 13, the Pennsylvania Railroad Company will sell excursion tickets to New Orleans and return, November 8 to 10, good to return within eleven days, including date of sale, at reduced rates. By depositing tickets with Joint Agent at New Orleans on or before November 18, and the payment of a fee of 50 cents, an extension of the return limit to November 30 may be obtained.

For specific information regarding rates and routes, apply to nearest ticket agent.

TO CORRESPONDENTS.—No communication published unless accompanied by the real name of the writer.

Correspondents should write uponbut one side of the paper, and avoid the use of pale or fancy inks.

JOHN C. MILLER.

LOCAL DEPARTMENT.

—Company B, Fifth Regiment, N. G. P., which has been in service at Ashland for the past few weeks, is expected home this evening.

—The press portraits of General Antenor Firmin look like photographs of a hotel waiter diked in the court dress of a South American Minister.

—Clement Figueras, of the Canary Islands, says he has solved the problem of the utilization of atmospheric electricity. He is keeping his secret dark for the present, however.

—Porous terra cotta bricks soaked in kerosene are an excellent substitute for coal, and less expensive than most fuels. Wetting the bricks before giving them the oil bath is recommended.

—Richard Gunsallus and Rash Irwin spent Tuesday in the woods hunting game. They were successful in bringing home two wild turkeys and two squirrels, one turkey weighed 13 lbs and the other eight.

—John T. Laurie has resigned his place as Adams express messenger on the Bald Eagle Valley route to become a fireman on the Tyrone division. His place on the Valley express car is being filled by Geo. Boyer.

—The Lehigh Valley Coal company is arranging to put one hundred of its Snow Shoe coke ovens in operation. They have been idle for eight or nine years. The company is shipping also an unusually large amount of coal.

—Our reader who have heard the beautiful singing of Miss Lillie Coyle Hench, during her frequent visits to Bellefonte, and who so cheerfully assisted in many musical entertainments given here, will be interested in the following from the Harrisburg Patriot.

"Miss Lillie Coyle Hench, who is to go on the concert stage this Winter in the Colonial Trio, will start her tour about the middle of December. It will last part of January, February and all of March. The trio will be heard in Harrisburg on March 24 as the final number of the Young Men's Christian Association Star Course."

—Andrew B. Curns, a 15-year-old resident of Clinton county, took a gun recently with him to school, meaning to go into the woods after school had been dismissed, in the hope of shooting a pheasant or squirrel for his invalid mother. In some way the gun was accidentally discharged, tearing away an ear and a portion of the skull. His chances for recovery are not bright.

—FOR SALE—Good rubber-tire Go-Cart, with Parasol, price $8.00; 16 yards Brussels Stair Carpet, $5.00. Both the Go-Cart and Carpet have been but little used. Inquire at 57 East Curtin street.

29-tf MRS. HERBERT SHEFFER.

—Mrs. Thomas Fleming, of Moshannon, this county, died early Friday morning at her home in the above named place, the result of a complication of diseases, aged about 60 years. Her husband died about one year ago, but she leaves a small family. She was a member of the Presbyterian church. She was perhaps one of the largest persons in the county, having weighed over 400 pounds.

—The authorities have been compelled to take the horse which William Haldeman has been driving in his dray wagon and placed it where it would be properly cared for. This course was pursued in the interests of humanity, several gentlemen in company with the Burgess visited the stable where the poor brute was kept, and found that it was being starved, there was no hay nor feed of any description on the premises. As Mr. Haldeman has lost two other horses from starvation we are glad this action was taken. We have every sympathy for Mr. Haldeman in his affliction which has unfitted him tolperform manual labor, but the sight of his poor starving animal, was distressing and a reflection upon the humanity of our people. William should be looked after and assisted in every way as he is an industrious man, but is certainly in no condition to have the care of a dumb brute.

—The Childrens' Aid Society which in a quiet way does much to ameliorate the condition of neglected and abandoned children receives little notice from the press, for the reason that everything done in this direction is performed in an unostentatious manner, but occasionally we hear of their benevolent and humane deeds. We have just learned that Mrs. John L. Kurtz, who is deeply interested in this movement, discovered lately, a young child of weak mind, and succeeded in having a place secured for it in an institution for the feeble minded, where it will receive such instructions as it is capable of understanding, and at the same time have the benefit of a good home and kind treatment. From what we can learn Mrs. Kurtz has been the means of securing good comfortable homes for a great many children who otherwise would have grown up in ignorance and neglect.

VOTE FOR EARLE C. TUTEN.

Horrible Wreck Near Beech Creek

This morning at 8:30 o'clock the work train from Tyrone and a fast freight from Lock Haven crashed into one another two miles east of Beech Creek on the Bald Eagle branch of the Pennsylvania R. R. It all happened from a misunderstanding of orders. John Haupt of Tyrone, a son of Mrs. Catherine Haupt of Bellefonte and a flagman on the work-train was killed. John Woodring the conductor, and Al Austin the engineer of the worktrain had their arms broken and were badly scalded. Two men Saucerman and Snyder, workmen on the fast freight and whose homes are in Tyrone were so badly scalded that they will die. The injured were taken to the Lock Haven hospital under the instruction of Dr. Ball, where the very best kind of treatment will be given them.

Vote for Miller and Bailey.

The Blue Jacket Mining and Milling Co. Declares Another Monthly Dividend.

The Blue Jacket Mining and Milling Co. have declared a monthly dividend of 3½ per cent upon the capital stock of the company, payable at the office of the Treasurer Nov. 1st. This makes 16½ per cent in dividends paid within the last four months, and there is no doubt but that every month hereafter they will pay regularly. The business of this company is increasing each month and a surplus is set aside for contingent expenses. We are glad to publish such an item of news as the above, for all who are interested in the concern are citizens of Bellefonte, and it is always a pleasure to know of the prosperity of our friends and neighbors.

Vote for Henry Lowry the carpenter.

—A fire at Mahaffey Tuesday destroyed the Pingle block and several other buildings. Loss $10.000; insurance about one-third.

—E. B. Strait, a well known Jersey Shore citizen, arose early Friday morning to take a dose of medicine when he fell over dead of apoplexy.

—The wife of Dr. F. L. Schum, of Huntingdon, died on Saturday night, aged 35 years, the result of lung trouble. Besides her husband, she leaves one daughter.

—Now the electrical critics and specialists are skeptical about the attainments of Marconi. By-the-way, isn't it about time to hear something from old friend Nicola Tesla?

—The Presbyterian choir, under the direction of Miss Helen Atherton, organist, will render a service of song in that church next Sunday evening, taking the place of the regular service. Everyone is cordially invited to attend.

—Co. B. 5th Regt. N. G. P. returned home at one o'clock Wednesday morning from the Anthracite Coal regions. The boys all stood the service finely and are in good shape, none of them being sick, but all are glad to be back again.

—The ladies Aid Society of St. John' Reformed Church will open a Country Store next Tuesday afternoon in the store room lately occupied by Bauer's Shoe Store Temple Court. As the proceeds are for the benefit of the Church, we hope it will be liberally patronized.

—Maro—Prince of Magic in Petrikin Hall, Friday evening Nov. 7th. Secure your tickets early at Williard Halls News Stand. The reserved seat board will be at Halls Tuesday, Wednesday, Thursday and Friday. Each alternate row will be on sale for the entire course, if desired.

—Jacob Mingle, of Moshannon, who was stricken with paralysis on Sunday, died on Monday. The deceased was aged about 80 years and leaves no relatives in this part of the country so far as is known to the citizens of Moshannon. His funeral took place Wednesday morning and was in charge of Rev. T. S. Faus, of Snow Shoe.

—Mrs. Mary C. Linn, wife of Thomas Linn, died at her home in Beech Creek Monday morning at 12.30 o'clock. She was 49 years old. Her Husband and the following named children survive: Mrs. B. B. Wilson, of Bellefonte; Joseph, Helen and Beatrice, at home. The funeral took place Wednesday morning at 10 o'clock. Interment was made at Bellefonte. Consumption was the cause of death.

—Sunday was an import occasion for the members of the Baptist church of Blanchard of which J. Stanley West is pastor. The church has been undergoing repairs for some time, a new belfry and a new Sunday school room erected, and the building repainted and repapered. A new heating apparatus was also put in. Dr. T. C. Edwards of Bucknell university was present at the three services, morning, afternoon and evening, large congregations being in attendance at all the services. Prof. Lenney of Lock Haven assisted in the singing at the afternoon and evening services. All the money to meet the expenses incurred in making the improvements was practically pledged before the work was begun.

"Neglected colds make fat graveyards." Dr. Wood's Norway Pine Syrup helps men and women to a happy, vigorous old age.

Don't cut any one on the ticket.

Output of Coal.

SCRANTON, October 29.—Official figures from the five big companies, having their main offices in Scranton, show that ninety per cent. of their collieries are in operation and that their output is now more than three-quarters of what it is normally.

The following table shows the normal output, Monday's tonnage, the number of the mines contributing and the number idle:

Company	Normal Output.	Monday's Output.	No. Mines.	No. Idle
D. L. & W.	26,000	23,250	22	3
Erie,	23,000	15,700	34	1
D. & H.,	19,000	14,000	30	3
O. & W.,	12,000	9,000	14	3
Temple,	8,000	3,100	8	2
Totals,	88,000	65,000	108	12

Tuesday's output is estimated to be 70,000 tons, the Delaware and Hudson company having started up the Laflin and Boston collieries and all the companies have put on more men. Fully eighty per cent. of the old hands are now back at work. The twenty per cent. still idle includes those who were employed at the twelve places that have not as yet made a start.

Much complaint is heard at the offices of the companies concerning the idleness that will ensue today by reason of the observance of Mitchell Day. The companies have received no notice from the men that they will not work today, other than the announcements in the newspapers of the parade arrangements. Each company has instructed its superintendents to blow the whistles as usual and work the mines if possible. It is almost a certainty that the whistles will bring no responses, as every mining centre in the valley has arranged a Mitchell Day celebration

PRESIDENT GIVEN A MOOSE HEAD.

WASHINGTON, Oct. 29.—A party of citizens of Alaska called by appointment upon President Roosevelt Tuesday and presented a magnificent moose head, one of the finest specimens of the kind ever mounted. The animal was killed in the Cooks Inlet region. The antlers measure 54 inches from tip to tip. The mounting bore this inscription:

"To Theodore Roosevelt, from the citizens of Valdez, Alaska, in token of their esteem and in recognition of his friendship, on his 44th birthday, October 27, 1902."

The president expressed his appreciation of the handsome present and announced his intention of having it placed conspicuously in the state dining room of the White House.

Cut Into Ribbons.

CINCINNATI, O., October 28.—Mascer Clemens, aged 22 years, colored, and Edward Johnson, aged 23 years, also colored, who were employed as laborers upon the construction of the new water works at California, both loved a girl employed as a dishwasher. As a result of the jealousy that existed between them, the two men fought a duel with knives Sunday afternoon at 4 o'clock. Johnson was literally cut to pieces by his more agile opponent and died within a few minutes.

The men had been paying assiduous court to the young woman, who smiled first on one and then on the other. They called on her every other night and the hatred between the two became intense. Sunday afternoon Clemens sought to steal a march on his rival and called on the girl. He was leaving the house when he met Johnson. Johnson pulled a knife and started for Clemens.

In the fight that followed Johnson was literally cut into ribbons and his body contained several deep stabs. He was game, however, and tried to close in on Clemens, but weakened from loss of blood he fell dying, practically at the feet of his murderer. The woman watched the fight and when Officer Mann placed Clemens under arrest on the charge of murder she smiled upon him.

PINEVILLE, Ky., October 28.—A bloody tragedy occurred at West Pineville coal mines, just across the river from this place. Saturday night William Peace and brother, and Britt Harlin, miners employed by the Pineville Coal company, quarrelled in the afternoon over some trivial matter, but it was passed off at the time without bloodshed and further trouble was not expected.

Later Harlin and Jesse Broughton, mine boss at the mines of the Pineville Coal company, were sitting on the track of the Louisville and Nashville railroad talking when they saw the Peace boys coming toward them. Will Peace drew his pistol on Harlin and fired, striking him in the breast, and he fell mortally wounded. Both the Peace boys then aimed their pistols on Broughton.

Broughton begged the boys to spare his life, but they fired simultaneously, hitting Broughton in the breast, killing him instantly. Then both fled. Broughton and the wounded man lay for over an hour before they were found. Harlin cannot live. There is much excitement among the miners and further trouble is expected.

Vote for Henry Lowry.

—The Methodists at Snow Shoe are in the midst of a very gracious revival. It has now been going on a little more than a week, and up to the close of Wednesday night's service there were twenty-one seekers, with deep convictions coming to many others and the interest on the increase. The members are being greatly revived also.

Vote for Earle C. Tuten.

A New Library for Bellefonte.

A branch station of the Tabard Inn Library, of Philadelphia, Pa., is about to be located in this city.

Tens of thousands of the very newest and best books have already been bought and put into the Tabard Inn service. The books are in attractive cloth cases, and are in every way equal to the books circulated by the Booklovers

There is this difference between the two libraries: the Booklovers has a select limited membership; it has annual fees which range from $5 to $25; it permits members to place definite orders for books; it delivers the books at the homes of its patrons. The Tabard Inn has an unlimited membership, its membership fee of $3.50 pays for life; it charges for each exchange; its members make their own exchanges and have the choice of any book on the shelves. Both libraries circulate the very newest books.

The Tabard Inn has no reading rooms. The best reading rooms in the world are the homes of the people. You can have on hand the very newest book, and for the small fee of five cents (or four cents if you buy a dollar's worth of tickets at a time). If you should get tired of the membership you can have it transferred to a member of your family or to a friend. The fee for such a transfer is only twenty cents. If you do not wish to carry a book with you when you are travelling, you can hand in your book at any exchange station and get an Out of-Service Ticket. This Out-of-Service Ticket you can present at any Tabard Inn station in the United States and a book will be given you in exchange for it. You have access to the Library shelves yourself. You make your own selection of books.

You know the Tabard Inn plan. The initial fee is $3.50. This fee pays for life. The membership is transferable, so that as a matter of fact it is perpetual. You get your first book when your membership is entered. You then buy exchange tickets at the rate of *six* for 25c. or *twenty-five* for $1. You can exchange your book anywhere you please and as often as you please. The only expense is the exchange ticket. One ticket is used for each exchange. A Tabard Inn book is the only identification necessary To make an exchange the member has simply to place one book on the shelf, take down another, and drop his ticket in the slot in the bookcase. A book can be carried anywhere and exchanged anywhere. No simpler library machinery was ever invented.

For memberships and book checks apply to Mr. E. Parker Ormiston, District Supt. for Western Pennsylvania, Brockerhoff House, or to Mr. G. Willard Hall, Crider's Exchange.

Fortunate Escape.

LANCASTER, October 30.—Passengers on the Harrisburg express, leaving this city at 7:15 o'clock last evening, faced a catastrophe of appalling possibilities and miraculously escaped with a violent shaking up. The express was running at the rate of forty miles an hour when it suddenly crashed into the rear of a freight train which was standing on the track at Dillerville, one mile northwest of this city.

The engine of the express ploughed far into the last car of the freight train which was an empty box car and there it stuck. From some unexplainable cause none of the cars were derailed. The violence of the compact shattered the windows of the passenger coaches and hurled the passengers from their seats, but aside from the jar no one was hurt. The escape of the engineer, Harry K. Thomas, and his fireman, C. H. Downes, of Harrisburg, was even more remarkable. By the roof of the freight car they were knocked down against their fire box, but managed to crawl out of the wreck, slightly scalded and bruised.

The express engine and three freight cars at once caught fire and were consumed. The passenger cars were uncoupled and pulled back from the conflagration. Engineer Thomas had the usual orders of a clear track through to Harrisburg. The freight train was waiting for orders to go onto a siding at Dillerville. The flagman of the latter waved a danger signal when he saw the express coming, but did not attract Engineer Thomas' attention until it was too late to avoid a collision.

Special Notice!

Next Saturday evening, November 1, a social will be held in the hall adjoining the parsonage. Among the choice viands to be sold will be sauerkraut, "weenies," pumpkin pie, ice cream and cake. It will be under the auspices of one of the Sunday school classes. They will furnish the ice cream, sauerkraut and "weenies" and request the congregation to please contribute the cake and pumpkin pie.

Then, anybody and everybody is invited to come and help eat the delicacies at a very small cost. If all the pumpkin pies are not eaten there they will be sold almost for a song and taken home, and then the purchaser will not have to cook anything next day, but can come to church. Remember the date—Saturday evening, November 1, from 6:30 to 9 o'clock, in hall adjoining U. B. parsonage.

Don't Trade! Don't Trade! Republicans don't cut your ticket. Republicans don't cut your ticket. We will elect every candidate without doing so.

Vote for Allison and Pontius.

PERSONALS.

John is one of Bellefonte's best young men and we wish him unbounded success in his new position.

Discourteous Courtier.

Once upon a time the prime minister went to the king and complained that a certain courtier, who was very hard of hearing, had been making very uncomplimentary remarks about his sovereign.

"Your majesty should speak to him about it," said the minister, "that it may cease, but you must needs speak loud."

"I will speak so loud," answered the king, "that I guarantee the offense will never be repeated."

He then sent the offending courtier to the guillotine.

Moral—Ax speaks louder than works, —New York Herald.
